

REASONS WHY

The Taylor Piano House Sells So Many Pianos

FIRST—The pianos we sell are worth the money and give perfect satisfaction.
SECOND—Our prices are the lowest and our terms the easiest.

One Price to Everyone is our motto.

WE DO NOT BELIEVE in asking \$500 or \$600 for a piano that should be sold for \$300. We have never tried to mislead the Piano Buying Public by pretending that we have the only High Grade Piano on the market. But we do claim that the pianos we sell on easy payments have merits equal to any sold in this county.

For instance, the Hardman

which has been on the market for over seventy years, and which is used by the very best musical talent in the world. Caruso, the world's most famous singer, uses the "Hardman" piano and endorses it very highly. It has the Wessell, Nickell & Gross Action. One of the best actions that is made in the United States, and used in such pianos as the Knabe, the A. B. Chase, and other leading makes that would cost twice as much money as we are asking for the "Hardman."

We also have the Price & Teepie

a piano that has no equal in piano merits for the price at which we are selling it. It has the style 16 Imported Felt Hammer and metal flange in the action. Brass hinges and brass pedals, which has the advantage over others, as it will not tarnish in this damp climate.

We have sold over 40 pianos in this County

WITHIN THE LAST YEAR, and will be more than pleased to refer any person thinking of buying a piano, to any of these satisfied customers.

Our Graphophone Department is always open to the public for a resting place while down town.

A LARGE SELECTION of records both for Columbia and Victor always on hand. We have an especially large selection of Cylinder Records at 25 cents apiece.

Our 10c and 15c department is always pleasing to the women and children, as they can always find here just what they are looking for.

Buster Brown Shoes for the Little Fellows

This line needs no introduction, the many youngsters supplied by this house speak well for the merit of this famous make. We carry the line from A to Z, and this year's styles are by far the prettiest ever.

MERCHANT & KAMMERER

We're not pugilists and are not looking for trouble.

However!

Competition gets many a black eye these days, when they bump up against our stock of Men's Suitsings.

The fit is right—the cut and tailoring is right—the fabrics are right.

Our \$15 and \$20 Suits will satisfy any mortal man, no matter how critical he may be.

Competition can't touch them at the price, and they get hurt every time they run against them.

Precipitationnone
Wind, Northwest; clear.

Eracts Building.—Mrs. Mary Farly is having a two-story frame building erected at Laurel and 'H' streets. The first floor will probably be used as a store-room with the second floor arranged for flats.

Many Enjoy Masquerade.—About seventy-five couples enjoyed the masquerade ball given at the Rink last evening. Music was furnished by the Bay City Orchestra and the event was declared to be one of the most enjoyable of the kind ever held here.

Heavy Lumber Scarce.—There has been a scarcity of heavy lumber in Marshfield for the last few days and some of the street contractors have had their work delayed. The C. A. Smith mill has arranged to have two trains put into commission on the local railway to haul the big logs in and will cut a big supply at once.

Surveyors Near Florence.—The West, a paper published at Florence at the Mouth of the Siuslaw says, that the Hill party of surveyors who passed through that section of country last July, on their way north, are now on their way back down the coast. They are at present camped at Heeta Heads, a few miles up the coast from the mouth of the Siuslaw.

Winter in California.—George Witte and wife of North Bend, who have been spending the summer at their old home in Nashville, Mich., in a card asking to have the address of his copy of The Times changed says they will leave Michigan shortly for San Diego, Cal., where they expect to spend the winter. He says they have had a very pleasant visit this summer. They will return to their home in North Bend in the spring, according to present plans.

Will Make Eastern Trip.—W. S. Wheeler and wife of West Marshfield, will leave in a few days for an extended trip, visiting points where they formerly resided. Among the points to be visited is Wilmington, Del., where Mr. Wheeler became an Odd Fellow in 1860, and Mrs. Wheeler joined the Rebekahs the same year. Mr. Wheeler still has the traveling card issued him by his lodge when he left for the west many years ago and he will take it back and present it to the lodge.

Sign For Paving.—J. E. Oren, general manager of the C. A. Smith Lumber and Manufacturing Company, has signed for bituminous rock paving in front of their Front street holdings, between 'B' and 'C' streets. The west half of the street is paved but the Smith Company held back fearing that the street was not sufficiently settled to carry the paving. Mr. Oren's signing the private contract for the work will enable Contractor McCann to complete the street this fall which might not have been possible had it been necessary to wait until the city council order the work.

Sewer On 'A' Street.—Councilmen Sacchi, Nelson and Savage are today interviewing property owners on 'A' street, between Front and Broadway, in an endeavor to have them put in a sewer along the street before the asphalt paving is put down. At present, that section is cared for by private sewage systems which are not of a permanent character. It is desired to have the sewer put in

Personal Notes

F. F. CLINTON left for Portland today via Drain.

W. U. DOUGLAS was in Coquille today on business.

COUNTY SURVEYOR GOULD of Coquille, is in Marshfield on business.

E. A. BECKETT, the Coquille liquor dealer, is attending to business in North Bend and Marshfield.

MISS AGNES HUTCHESON entertained a number of young ladies at bridge at her home this afternoon.

JACK GUTON has returned from Portland and Salem where he took in the State Fair and the race meetings.

MISS MILLS of North Bend, and Miss Savage of Marshfield, have taken positions as stenographers in J. W. Bennett's office.

MRS. W. A. TOYE will entertain at her home Friday afternoon in honor of her sister, Miss Pearch, who is visiting here.

JUDGE JOHN F. HALL returned last evening from Coquille where he has been holding probate court for the last few days.

MRS. E. K. JONES and Miss O'Connell will leave shortly for Portland to spend a few weeks with their sister, Mrs. Richardson.

SEYMOUR H. BELL, general manager of the Coos Bay Gas and Electric Co., left via Drain for Portland and other northern points today.

L. A. ROBERTSON and R. T. Durrett went to Myrtle Point today to look after proposed improvements or changes in the telephone service.

C. K. PERRY, Judge Happy and I. S. Kaufman started out bright and early this morning to land some of the big salmon that are running in the lower Bay now.

GEORGE HERRON, who has been ill at the home of his daughter, Mrs. Wilson, on Broadway, is still critically ill. His many friends are hoping for his early recovery.

MRS. S. A. CROXTON, who has been visiting her sister, Mrs. Cal. Wright, has started for her home in Spokane. Mrs. Wright accompanied her as far as Portland where they will visit another sister for a few weeks.

CHAS. THOM of North Bend, owner of the Wilhelmina, was in Marshfield today on business. He says that the little steamer has all the business she can handle. A peculiar feature of the business is that she is hauling much hay from the Coquille valley to Marshfield and North Bend while today she took a cargo of hay from Portland over to Bandon.

Women of Today.

At a "coming out" ball in a metropolitan city a few years ago the debutante and her grandmother both danced in the cotillion. They were both slender and graceful, both beautiful dancers. To the casual observer they differed in these respects: The debutante had auburn hair, the unlined face of the "undead girl" and talked haltingly. The grandmother had white hair, lines in her face and talked fluently. That they should both be dancing aroused no particular comment.

Today numerous American women play tennis until 40—play golf and quieter games until 60. Not long ago a New York society woman who is close upon 60 was told by her physician that she must not hereafter walk over twenty miles in a day. Plenty of English sportswomen "follow the hounds" until past 50 years of age.

at once so the paving will not be delayed. The sewer will cost about \$100 and it was first suggested by some of the council that the city pay for it and take chances of having the benefited property owners reimburse it, but Councilman Sacchi objected to this, saying it would not be fair to other property owners who have to pay for their own sewers.
