You Owe It to Yourself to Spend Your Money Where It Will do the Most Good

Not Only Are the Values in Merchandise Better at The Myers Store, But You Pay No More, and Often Less, Than You Do for Inferior Goods Elsewhere. Then Too, In Dealing With Us, You are Dealing With a House Possessing An Irreproachable Reputation for Fair Dealing

Misses' and Children's Coats

Possibly at no other time have the coat styles for misses and children been more pleasing than this season. The fabrics certainly were never more adaptable to this climate, and as to the prices we are asking, we can assure you of a saving that is worth investigating. We buy our children's coats direct from a large New York manufacturer, who has been making children's coats for more than 50 years, and whose reputation for turning out good, honest goods is indeed enviable. Prices range from \$15.00, for ages 6 to 16, down to **\$1.50**

Trunks, Bags and Suit Cases

Are you thinking of traveling? If so, you will certainly want a trunk or suit case. You will also want to get the best that your money can buy. Trunks and suit cases must be strongly made to withstand the severe knocks incident to even ordinary transportation. Our goods are made by an eastern maker who has an almost world-wide reputation of making trunks and suit cases that are as strong as any on the market. We purchase of him in large quantities, thereby getting a special discount, to say nothing of getting special carload freight rates. Hence if it is \$5.00 or \$15.00 you want to put into a trunk, we can assure you of a better value than any other store in this section. Look over our line before you buy.

New Fall Dress Goods

We would particularly like to show you our unusually attractive line of wool fabrics selling at \$1.50. Early in the season we began to lay plans to show the best values at this price than can possibly be seen anywhere else. Through a special contract with the woolen goods manufacturer, we were enabled to get a very special price from them, and then we shaved our profits to a minimum, which, together, make a line that cannot be matched by any store in the country. Ask to be shown our pretty line of dress goods, selling at yard **\$1.50**

Ladies' Underwear

Women should buy their underwear of us. First, because our stock is so complete that we can generally give them just what they want, and secondly, because our prices are so low as to place them beyond competition of other stores. We buy our women's underwear direct from the manufacturer, a thing smaller stores cannot do, and it, therefore, stands to reason that inasmuch as we save the jobber's profits, we can sell lower. Again we say, buy your underwear here and save not alone money, but time and worry as well. We are now selling a good cashmere garment, all sizes, at garment **85c**. And every item in underwear is priced just as low.

Women's and Children's Hosiery

Hosiery is another article of dress that everyone uses. It is also a part of one's apparel in which the wearing qualities are most readily perceived. Possibly there is no article of dress in which there can be so much inferiority as in hosiery. A cheap dye, for one thing, can be used by the manufacturer, thereby taking the strength out of the yarn. Another deception can be practiced by weaving them "light" as is known in manufacturing circles. For instance, instead of using all of No. 1 grade yarn, they will use a part of No. 1 mixed with a No. 2 grade, or even a more inferior quality. The best proof you can have in buying hosiery, is to purchase of thoroughly experienced dealers, dealers who can easily detect these deceptions and only buy No. 1 grade goods. This is one reason why our hosiery is giving such good satisfaction. We get the best, and we know it, when we get hold of the best. Then too, our prices are no more than were you buying inferior grades.

Ladies' Home Journal Patterns

The October patterns are now here, and we can supply any number shown in the current issue of the Ladies' Home Journal. The Journal Patterns are unquestionably the best and most simple pattern on the market today. With the guide chart, which accompanies each pattern, they are so easily understood that a child of ordinary intelligence can put them together. Another point in their favor, is that a garment made from these patterns fits more perfectly and has a better appearance than any other pattern we know of. If you have never tried the Journal Patterns, you should do so at once. Prices are 10c and 15c.

Again We Are Hard After You to Sell Your Fall Suit

GENTLEMEN: You owe this much courtesy to your pocketbook—if not to us—to look over our splendid line of Men's Fall Suits, before you purchase. Every one of our suits, selling from \$15 up to \$25 are all wool, the linings are of either serge or fine grade of satin. They are tailored the best that human hands can tailor them, and every one is guaranteed to give you a service equal to any suit selling for \$5 over and above our prices, at other stores. The highest price suit we sell is \$25—none higher—but dozens of discriminating men tell us our \$25 suits are equal to suits they paid \$35 and \$40 for at other stores.

So if this is true, and we have no reason to doubt their sincerity, is it not a matter that calls for your careful investigation? Should you not arrange at once to see this splendid line, and if found as others found it, give us your suit business? These are some practical hints you should consider, and if found worthy, we should have your business. Prices of suits range from \$10 to..... **\$25**

Men's Nobby Hats

Here is another article of men's wearing apparel that The Myers Store excels in from a price, quality and style standpoint. All the newest things are now being shown in the derby and soft styles. Our men's hats are in a class alone. There is no brand or brand to compare with those we are selling. This is why we are doing so large a hat business, selling about forty-five per cent of the hats in Coos County. Colors are olive or elephant green, brown, tan or black. Prices range from \$5 down to \$3.50 and..... **\$2**
