(By Associated Press.) WESTERN OREGON. Rain tonight and cooler in east portion; Wednesday, rain in west and fair in east.

## LOCAL TEMPERATURE REPORT.

For twenty-four hours ending 5 p. m., Oct. 12, by Mrs. E. Mingus, special government meteorological observer. Maximum . . . . . 65 Minimum . . . . . 52 At 5 p. m. . . . . 58 Precipitation . . . . . trace Wind, Southwest; cloudy.

Council to Meet.—The Marshfield city council will meet this evening to take up some street improvement matters and possibly to discuss the proposed revision of the city's charter.

Has Leg Broken.—Mr. Stenen sustained a broken leg today in an accident in West Marshfield. He was working on the 'B' street improvement and was caught between the bank and a scraper. Dr. Horsfall attended him.

Go to San Francisco.—Dr. J. T. McCormac with his daughter, Mrs. A. J. French, and Miss Mary Black will leave tomorrow on the Nann Smith for San Francisco. Dr. McCormac expects to be absent about a month. Mrs. French who has been ill was reported considerably improved today.

Back From Bear Hunt.—Drs. E. Mingus and A. L. Houseworth returned today from Ten Mile where they have been with the party hunting bear and "varmints." Only one bear was killed. Yesterday the Harriman hounds got on the trail of two panthers but the panthers escaped. It is likely that the rain will compel the others of the party to return soon.

Telephone Engineer Here.—G. G. McPherson, a telephone engineer, has arrived here from Austin, Tex., and will immediately begin work on the rebuilding of the local exchange of the Coos Bay Home Telephone Company. He will prepare plans and specifications for the new system before the actual reconstruction is started. He is an expert telephone man and is an old friend of Manager R. T. Durrett.

County Superintendent Here.—County Superintendent W. H. Bunch arrived in the city last evening from Sumner where he had been visiting the district schools. Mr. Bunch will remain in the city until Thursday visiting the schools in the vicinity of Coos Bay after which he will leave for Coquille to finish some office work. Mr. Bunch will remove his family from McKinley to Coquille where they will make their home for the winter.

## CURRY COUNTY MIXUP.

### Peculiar Situation in Official Affairs Reported There.

A friend told the Sentinel Tuesday that there was a possibility our neighboring county of Curry would have to dispense with the luxury of a Board of Equalization this year for the reason the clerk and assessor of the county are both before the federal court for trial on land fraud indictment. The only hope, it is stated for the Curry taxpayer to avoid paying the taxes as already fixed against his property unless perchance he can go into circuit court, lies in the ability of the aforesaid gentlemen to get home before Oct. 19, Uncle Sam being the sovereign authority in such rare cases, but too patriotic to say, as did John Jacob Astor, "The people be damned!" This is not intimating a knowledge that there is anything wrong or excessive in the Curry county assessment this year, nor are we lampooning the federal court; we are telling the public of an odd and rather funny situation in official affairs.—Coquille Sentinel.

ATTENTION there will be a Camp of Royal Neighbors of America organized here at the Finnish Hall, the eve of Oct. 13, 1908, by District Deputy Mrs. Clara E. Mills. We have secured a large charter-list and cordially invite all Royal Neighbors here in good standing to meet with us on this occasion. Most royally, CLARA E. MILLS, District Deputy.
