FIFTH DISTRICT—Coquille and vicinity:	
Miss Ella Johnson of Coquille	3,812
Miss Grace D. Yoakam	4,036

# TRY TO FIND NEW USE FOR SAW DUST AND WASTE

**NATIONAL CONSERVATIVES COMMISSION PLANS TO UTILIZE ALL OF COUNTRY'S NATURAL RESOURCES.**

WASHINGTON, Oct. 29.—Five hundred manufacturers of explosives, pulp wood and similar products, have been asked by the National Conservation Commission for information as to all possible uses of sawdust. From this it will be seen the commission is going into fine details in its inventory of the natural resources of the country. Seven thousand lumbermen have been asked for their opinion as to the waste of lumber in saw mills, and more than two thousand lumber dealers and cooperage, veneer, furniture, box, vehicle and implement manufacturers have been asked to point out striking features of waste in their respective lines. Yet all this is only one part of the general scheme of hunting down waste which the commission is following in making its inventory. It is going after the little wastes here and there, which, added together, and put into dollars and cents, make an astonishing total.

For instance, take the making of veneer. At first blush it may not seem worthy of consideration with the manufacture of other products mentioned. Yet, the scarcity of the more attractive finishing woods in the last few years has led to the annual production of over 1,100,000,000 square feet of veneer. This, of course, has been made possible only by the introduction of new veneer-making machinery.

The use of veneer is generally regarded as exemplifying the scarcity of the finer woods and typifying the complete utilization of various kinds of woods, yet, from one of the schedules of the National Conservation Commission, it is evident that the commission expects to discover great waste even in veneer manufacture.

Though the word veneer carries many meanings, from a glaze applied to pottery to the "polish" of a man of the world, it is most commonly employed as the name for the thin slices of wood now extensively used in the manufacture of all sorts of articles of use, such as wood plates, baskets, and the exterior finish of furniture and wood work. The manufacture of veneer in the last few years has advanced by leaps and bounds.

The best veneer is sawed, but a great deal is sliced and still more is

## CITY COUNCIL FAILS TO SECURE QUORUM

Not Enough of the Members Present at One Time Last Evening and Will Try Again Tonight.

Not enough of the city council could be gathered at the city hall at one time last night to make a quorum so that any business could be transacted. About 8 o'clock, Councilmen Savage, Nelson, Sacchi and Nasbury appeared. However, Mayor Straw was absent and if Mr. Savage took the chair as president of the council, there would not be a quorum. They waited for awhile as did the crowd. Then Councilman Sacchi had to leave for a few minutes. The other councilmen thought he went home and the meeting started to break up. As they were going up the street, they met Sacchi coming back and Mayor Straw was coming. Meanwhile Councilman Savage had gone home and retired and refused to come back. The meeting was called to order and adjournment taken until tonight when the Alice and First street assessments will be equalized.

Several other matters will probably come up tonight. One of the matters that will probably be acted on tonight will be to determine whether or not to purchase typewriter for the city recorder's office. Recorder Upton has a second-hand machine that he will sell the city for \$50 and P. A. Devers has another one that he offers for a similar amount.

## REAL ESTATE TRANSFERS

Daily Real Estate Report Furnished By Title Guarantee and Abstract Co. Henry Sengstacken, Manager.

October 19, 1908.

Geo. N. Farrin, Referee, to Chas. J. Elford; deed. Lot 7, Blk. 25, Clements Plat of Marshfield. Con. \$475.00.

**Western Oregon Grocery Co.**

WHOLESALEERS,  
NORTH BEND, COOS BAY, OREGON.

# Malthoid Roofing

Mr. W. T. Somes, Proprietor of Bimini Hot Springs Hotel, Los Angeles, Cal., U. S. A., writes as follows: "Our hotel building, a flat roofed structure covered with Malthoid Roofing, is situated quite near the large Bimini Bath Houses that burned so fiercely the night of November 15th. The wind carried blazing shingles and red hot cinders in showers to my building, where they simmered on the Malthoid Roofing and went out, doing no damage beyond a number of small blisters raised on the surface of the roofing. We have had one rain since the fire and the roof is tight."

**The Paraffine Paint Co.** San Francisco California  
C. E. NICHOLSON, Local Distributor
