ROCKEFELLER'S MOVE SAID TO HAVE BEEN TO HURT TAFT

Declaration For Republican Candidate Was Ruse Arranged By Democrats.

PRESIDENT ROOSEVELT EXPOSES THEIR PLANS

White House Issues Red Hot Statement On Standard Oil's Trick.

(By Associated Press.)

WASHINGTON, D. C., Oct. 31.—Following up a red hot statement issued last evening from the White House regarding the announcement made by John D. Rockefeller of his preference for Taft in the presidential struggle, a second statement was issued today. President received numerous letters and a telegram showing that this trick of Rockefeller was doubtless made by agreement with the Democratic party, will fall absolutely. It is self evident as Taft has said that if Rockefeller had really wanted him to be elected, he would have kept quiet about it and that he has come out for him as being way in which he can damage him most.

The Republicans claim that previous developments have shown that Standard Oil and Rockefeller are behind the Democratic party and Bryan, and when their secret aid was exposed by W. R. Hearst, Mr. Rockefeller and the Standard Oil forces thought the best way to throw dust in the eyes of the voters of the country would be to have Rockefeller declare in favor of Taft. This, the Republican managers say, the Democrats and the Standard Oil Company figured would turn many thousands of votes from Taft to Bryan.

Republican leaders think that President Roosevelt's statement of the trick will be accepted generally by voters and that it will react on Bryan and Democracy instead of helping them as planned.

FIGHT FOR THREE STATES.

New York, Indiana and Illinois the Battleground Now.

(By Associated Press.)

NEW YORK, Oct. 31.—New York, Indiana and Illinois, representing \$1 electoral votes and said to be regarded as the doubtful states, are the scene of the final desperate fighting on the last day of the last week of the political campaign and on them Taft and Bryan are basing their contest for election to the presidency. Taft continued his tour through Elmira, Oswego, Cortland and a night meeting at Rochester. Bryan devoted the day to Indiana. Kern is also in Indiana today. Tonight Bryan will be in Chicago.

Sherman speaks at Kingston tonight and so does Hughes. Gov. Hughes expected to close his campaign tonight, but has decided to address several meetings in New York. Monday, Hearst, Higgen, Shearn, and others will speak tonight for the Independence party at Carnegie Hall. Postmaster General Meyer will speak in Boston. Debs speaks in Wisconsin, Chafin speaks in Chicago and Watters in Detroit.

BRYAN'S FINAL SAY.

Democratic Leader Outlines His Principles.

(By Associated Press.)

WINCHESTER, Ind., Oct. 31.—W. J. Bryan, in winding up his tour of the east, made public "An appeal to the public," in which he summarizes the principles of the party now standing. They include the following:

Reforms in politics by compelling the publication of campaign contributions; election of senators by direct vote of the people; recognition of labor and capital by legislation and by the creation of a department of labor with a representative in the cabinet; amendment of the anti-trust law which will exclude labor organizations from operating under that law; limitation of the writ of injunction; guarantee of bank deposits; reduction of the tariff by gradual steps.

He further says, "With a Democratic victory for the national ticket, with a Democratic congress and with the moral force of the popular verdict, I believe we can compel the senate to yield to the expressed will of the people and permit the passage of the more urgent of the reforms."

BRYAN TALKS OF OIL DEAL

Democratic Leader Makes Capital Out of Rockefeller Statement.

(By Associated Press.)

NAPOLEON, Ohio, Oct. 30.—Col. Bryan gave out a statement here today commenting on John D. Rockefeller's declaration that he would vote for Taft. Bryan says he is not surprised. He adds that there are several things in the statement deserving attention. Bryan declares that "Rockefeller is for Taft because Taft is for Rockefeller; he is for Taft because Taft is in sympathy with the trusts." The Democrat candidate says Taft has been making speeches for several weeks, but he has not dwelt on the trust question. "No wonder Rockefeller is for Taft," says Bryan. Bryan asserts that Rockefeller's statement that Taft's election will make for law and order is false. "Rockefeller's corporation," Bryan declares, "is the most notorious law-breaker in the United States and Rockefeller is for Taft because he does not want the law enforced. If he thought Taft would enforce the law against the Standard Oil Company and that he favored the enactment of more stringent laws against the Standard Oil Company, as I do, he would not be for Taft." Bryan said "Rockefeller thinks Taft's election would enable the trusts to get a greater hold on the American people." Bryan declares that Taft is not in favor of any remedial legislation and does not propose remedies. He simply glories in the past and wants to leave conditions as they are. Bryan thinks the Democrats have reason to be grateful to Rockefeller for tearing the mask off the Republican campaign and revealing the duplicity that has characterized it.

After issuing his formal appeal to the people for the support of the democracy, Bryan at this place today renewed his attacks on Rockefeller and Carnegie because of the strictures made upon him in connection with their announcement that they favored the election of Taft. He said that every trust magnate is supporting Taft because he stands for the trusts. He said the trusts would not be very grateful if they would not support Taft. He said, "I have children and I have grandchildren, and I would be ashamed to look them in the face if I was willing to barter away the liberties of the people and sell this nation to industrial bondage to a few great trust magnates, and that is what is being done in this country today."

DRUNKEN ROW FATAL.

Chehalis Mill Hand Killed By Companion.

(By Associated Press.)

CHEHALIS, Wash., Oct. 31.—In a drunken row last night near Forest, W. Reno was shot by J. Goodell with a revolver in the head. He will probably die. The men were employed temporarily at Kellers' mill but came to town and got drunk. One report says that Goodell first fired at Reno who got the revolver from him and used it.

SEVERE CRIME CHARGED.

Wealthy Idaho Man Bound Over at Wallace.

(By Associated Press.)

WALLACE, Oct. 31.—Charged with trafficking in women for alleged immoral purposes, Emil Vaucamp, owner of much property in Wallace, was bound over to the federal court at Moscow, under bonds of \$2,000, and J. Girard, his alleged wife, in the sum of \$1,000 for trial in November.

Bryan declares that Taft has the prestige from party in power, that he has the aid of office holders, the support of all monopolies and trusts and that the leading newspapers are with him and the interests he represents.

The efforts of women to make themselves beautiful are vain attempts, even when successful you may have to read this the second time to get the wit.

R. D. CHANDLER DEAD IN FRISCO

Father of W. S. Chandler of Marshfield Succumbs to Old Age and Long Illness.

R. D. Chandler of San Francisco, father of W. S. Chandler of Marshfield, died Tuesday night at his home there, according to information that was received today by Senator J. S. Coke. W. S. Chandler left here Tuesday for San Francisco in response to a message announcing the critical illness of his father, and Mrs. Chandler in response to a second telegram left a few hours later but neither of them reached there until death had called the well-known Golden Gate pioneer. R. D. Chandler had never been on Coos Bay but was slightly known by many here through W. S. Chandler who has been identified with the

development of this section for some time. Mr. Chandler, Sr., was about eighty-two years old and had been a resident of San Francisco for more than half a century. For the greater portion of the time, he was actively engaged in the fuel business. In addition to the big business conducted by him in this line in San Francisco, Mr. Chandler owned extensive coal mines, especially around Rosslyn, Wash. In later years, he has been financially interested in many other enterprises along the coast, and especially in the Fulton Iron Company. He also owned much real estate and his fortune has been estimated as high as \$3,000,000. Mrs. R. D. Chandler, the second wife of the deceased, died about a year ago. Only two sons survive, W. S. Chandler of Marshfield and Richard B. Chandler of San Francisco. The two sons are half brothers. It is expected that the funeral will be held in San Francisco.

TURKS MUTINY ON OFFICERS

Three Are Slain By Sultan's Forces When They Refuse to Obey Orders to Move.

(By Associated Press.)

CONSTANTINOPLE, Oct. 31.—A threatened outbreak on the part of a company of Turkish troops at Yildiz Kiosk was promptly put down today by a single volley from the Royal Battalion. Three mutineers were killed. The rebellious troops were under orders to leave for the provinces but refused to depart and defied the officers.

GREAT PARADE TODAY.

Sixty Thousand Republicans March In New York.

(By Associated Press.)

NEW YORK, Oct. 31.—One of the largest parades in the history of New York took place this afternoon. It was arranged by the Businessmen's Republican Association, and over sixty thousand were in line. It was reviewed by Sherman and Root. Rear Admiral Coghlin, retired, was grand marshal while other prominent Republicans led the respective divisions, numbering forty-three. Two thousand police lined the route.

Wonderful Woman.

Many Coos Bay girls obtain their light upon kissing in the dark. Women find it difficult to make a lasting impression on a soft man. In spite of what folks say a woman's negative is sometimes positive. Girls' pink faces charm some men; others are captured by their green-backs. When a girl gets a fellow on the string, she usually expects him to tie a true lover's knot.

Supt. A. Merein Announces That Double Shift Will Be Started Soon.

WILL OPERATE 20 HOURS OUT OF 24

Menasha Woodenware Company Figures On Developing Holdings Soon.

Superintendent A. Merein, superintendent of the C. A. Smith Lumber and Manufacturing Company, announced last evening that the "double shift" would be started by the company between November 15, and November 20. The announcement of the definite date on which the work will be begun marks an important step in the development of Coos Bay—in fact one of the most important since the C. A. Smith Lumber and Manufacturing Company was located here. It will mean an increase of about seventy-five per cent in the number of men employed and the monthly payroll of the company. The company will continue the new schedule perhaps permanently.

When the new shift is started, the mill will be busy twenty hours out of the twenty-four each day. There will be an hour between each shift, an hour off for dinner at noon for the day shift and an hour off at midnight for refreshments for the night shift at the mill. Each shift will start work at 7 o'clock and continue until 6 o'clock.

Extensive preparations for handling the increased output and for the additional operation are now nearly completed. Additional tracks had to be put into carry away the finished lumber and additional docks arranged for shipping.

A. H. Powers of the Smith-Powers Logging Company which furnishes the logs for the mill has increased the forces in the camps greatly to supply the additional timber required.

The lumber market has been improving considerably, the demand being stronger at slightly advanced prices.

MAY BUILD MILL.

Menasha Woodenware Company May Develop Local Holdings.

C. R. Smith, head of the Menasha Woodenware Company which owns many thousands of acres of fine timberland in this section, is now figuring on the advisability of putting in a plant and developing their property. Mr. Smith owns about two-thirds of the company personally and the remainder of the stock is held by other members of the family. He is several times a millionaire. He is related to Henry Hewitt, Jr., of Tacoma, Wash., principal owner in the Coos Bay Gas and Electric Co. Mr. Hewitt has recently been figuring on increasing his holdings in this section and possibly engaging in the lumber business here. If he does so, it is not unlikely that he and the Menasha Woodenware Company will amalgamate their interests.

Mr. Smith will shortly determine whether they will at once proceed to develop their property here.

BUYS REYNOLDS MILL.

E. M. Ward Said to Have Secured Control of Pony Inlet Mill.

It is announced that E. M. Ward has purchased a controlling interest in the Reynolds Lumber mill on Pony Inlet and will personally take charge of it. Mr. Ward was formerly head of the wholesale hardware company in North Bend which was destroyed by fire a few months ago. Prior to that, he had purchased the timber on the land on the peninsula owned by Major L. D. Kinney and his associates in the Plat B proposition. This timber will be utilized in the new mill in addition to the L. D. Kinney mill which Mr. Ward secured about the time that he purchased the timber.
