BRYAN SPENT DAY BUSY IN LIBRARY

(By Associated Press.)

LINCOLN, Neb., Nov. 3.—Election day brought clear skies and balmy weather. W. J. Bryan was astir early to look over a mass of telegrams from all parts of the country giving him assurance of a Democratic victory. He drove to a grocery store and at 5:15 cast ballot No. 63 and as did so, a score of voters removed their hats and offered their best wishes. He returned home to work in his library.

NEWS OF COQUILLE.

There is early prospect of a social club similar to that at Marshfield being instituted in Coquille. Some of our prominent business and professional men have the matter under discussion.

Mrs. N. Peachey, a lady canvasser who has been stopping at the Bledsoe house, started overland Wednesday evening for eastern Oregon in answer to a message announcing the serious illness of her sister and entire family with typhoid fever. She traveled by horseback from the bay.

E. E. Johnson, of the Johnson Lumber Co., came home from a business visit to San Francisco last Saturday. He reports the lumber market to have a decided upward tendency, but looks for better improvement after the questions of election are settled.

From the Humboldt (California) Beacon we learn that Chas. J. Daily, formerly a resident of Bandon but now of Fortuna, Cal., was operated upon recently at a hospital there for internal trouble. Mr. Daily rallied successfully from the operation, but for a time his condition was precarious.

Walter A. Linegar and wife, after a few weeks' sojourn with the gentleman's brother, Postmaster A. F. Linegar, departed Friday evening for Clatskanie, Columbia county, Oregon. There Mr. Linegar will take charge of an extensive creamery business and perhaps make his permanent home.

Misses Augusta Christensen and Ida Bonnickson of Ferndale, Cal., arrived on the Plant last week. Miss Bonnickson came up to visit her sister, Mrs. James Jacobson, who had the misfortune to break one of her legs a few weeks ago. Miss Christensen will visit her sister, Mrs. Frank Schroeder, of Norway.

C. H. Banning, formerly in the grocery business here, arrived Wednesday evening from his present

RECEIVING RETURNS HERE

The intense interest felt locally in the result of the presidential election yesterday was shown by the crowd of between 500 and 1,000 that surrounded the corner of 'A' and Front streets last night to see the returns as flashed on a curtain across from the Millicoma Club. The crowd came early and remained late, watching intently the bulletins from the various cities and states showing the trend of the vote.

G. W. Carleton who operated the special Western Union Wire to the Millicoma Club rooms, began receiving the bulletins before 6 o'clock and continued until 12 o'clock last night. The service was rapid, bulletins being received in rapid succession and being instantly thrown on the screen across from the club. The members of the club filled the rooms all evening.

When the bulletins from New York began to come, showing a landslide there for Taft, the crowd cheered lustily.

As the later returns continued to show Taft gaining in New York with indications that he would carry the other eastern states by good majorities, the crowd continued to give vent to its enthusiasms.

Many women were in the crowd, watching the bulletins almost as intently as the men.

That Taft should run as well as the bulletins indicated, was a surprise to everybody in the crowd. While the great majority of the crowd had hoped for a Republican victory, their actions and talk early in the evening indicate more or less misgiving on their part.

There were many expressions of gratitude to the Millicoma Club for its courtesy and generosity in furnishing the returns for the general public. At first, when the club arranged to secure the returns, it was intended that it should be only for the members but President C. W. Tower, W. W. McFarland and others suggested that it would be convenient to the public in general to display the returns and it was promptly acted upon.

home near Colfax, Washington. The gentleman comes on a flying business trip and expects to retrace his steps about the first of the week. He states that he has leased a farm of 200 acres near Colfax, and that he and his family are very much pleased with their new location.

The Gold Beach Globe, commenting on a recent article in the Sentinel, explains that Curry county will have a Board of Equalization this year the same as usual. The Globe further states that County Clerk Smith and Assessor Al. Marsh of Gold Beach were only witnesses at the land fraud trials, and if the Sentinel was understood as saying differently it cheerfully apologizes to the gentlemen.

Rev. John Thomas was assigned to a pastorate in Portland by the late Baptist Convention held at Newburg, and will in consequence not return to his former field of labor at Bandon. His wife departed by way of the bay last Monday to join him in the Oregon metropolis. The many friends of the estimable couple in this city and at Bandon will be sorry of their removal, but will wish them every success at their future abode.

A letter received by G. H. Clinton of this city from his father, J. W. Clinton of Norway, states that the old gentleman is now at Steelville, Missouri, and greatly enjoying himself, though some of the relatives and friends whom he had expected to meet he found had passed to the beyond. Mr. Clinton is well, and from the fact that he made no mention of Adam Pershaker, his companion on the trip, it is presumed that gentleman is also in his usual health.

O. Neilson, a merchant of Eureka, California, arrived in the county per steamer Plant last week, and proceeded to this valley and thence to Riverton where he is concerned with a company of Eureka people in the development of a coal property. The gentleman states that it is the intention when the property is further worked to put on a steamer direct between Riverton and Eureka for the purpose of transporting this coal

HEARST WOULD TRANSFER CASE

Asks That Gov. Haskell's Libel Suit Be Heard In Federal Court.

(By Associated Press.) OMAHA, Nov. 4.—A petition signed by W. R. Hearst before a notary public and asking that the \$600,000 libel suit recently filed by Gov. Haskell in the Supreme Court of Nebraska be transferred to the federal court, was filed here by J. W. Battin, Hearst's local attorney. The basis of the petition is that the parties to the suit reside in other states and consequently the case cannot be tried a state court.

TAFT LATE THIS AFTERNOON

(By Associated Press.) CINCINNATI, O., Nov. 3.—W. H. Taft arrived in his home at 8 o'clock this morning. Important business prevented him voting at noon as he expected. He said he would go to the polls late this afternoon. "I am very much gratified with the report and thank you heartily for letting me know it," was Taft's remark on hearing the first precinct returns from Massachusetts as reported to him by the Associated Press.

And still another meat market is said to be planned for Coquille. Report now has it that George King, the well-known stockbuyer, will establish himself in business at a location on East Second street. Mr. King already has a flourishing market at Marshfield.

Tice Wagner was down to Coquille Wednesday from his ranch on the South Fork of the river, five miles beyond Myrtle Point. He brought a wagon load of fine, juicy apples, principally of the Northern Spy variety, and easily disposed of the whole 45 boxes.

CURRY COUNTY NEWS.

Events There As Told By The Wednesday Radium.

School has been in session at Gold Beach since Tuesday, October 14th. At the opening, Miss Ada Bailey, who presides at the district building and has classes below the sixth grade, had thirteen scholars and Miss Kelsey, who has the higher grades, recorded an attendance of eighteen. No further diphtheria developed, and the members of the Bishel family are convalescent.

Mr. Ballou, who was sent from Marshfield to repair the Curry county telephone line, spent seven days on the work and had the line ready for service Sunday afternoon. Communication was uninterrupted for a day and then the line went down again between Port Orford and Bandon. Mr. Ballou started home Tuesday morning and will give the line another overhauling on the trip, and it should be in as good shape as its tumble-down, worn out condition warrants when he finishes with it. The line needs extensive repairs and will never furnish satisfactory service until these are made. The salt air along the coast reduces the life of telephone wire materially and this rusting process is accountable for a great part of the trouble in this section.

A CURE FOR RHEUMATISM.

Each recurring attack of rheumatism makes the disease harder to control, but the fact that it is not in itself dangerous causes people to neglect it, awaiting a change or a settled condition of the weather for relief. It is often only after the disease has become so serious as to interfere with business that the sufferer will seek more than temporary relief. Chamberlain's Liniment is a remedy for rheumatism which any one can apply. It not only gives prompt relief from pain, but in a large majority of cases it brings about permanent results. The first application will surprise and delight you as immediate relief is almost sure to follow. For sale by JOHN PREUSS.
