REPORTED DISCOVERY OF SUBTERRANEAN LAKE WHERE BIG LUCK WAS TO HAVE BEEN BUILT CROSSTOWN

NEW YORK, Nov. 7.—A report has been received in this city that Mark Twain, that a subterranean lake has been found under the foundations of the building at the site where the big luck was to have been built. The report says that the lake is 80 feet deep and contains several million dollars in the form of money and silver coins. The discovery has been made by a crew of workmen who were tunneling under the foundation of the building in order to lay water pipes. The lake was found at a depth of 80 feet and contains about 6 million dollars in silver and gold coins. The coins are chiefly of Mexican and Spanish origin. The lake has been closed and the owners are planning to make use of it for storage purposes.
