Save Your Voice and Feet

Call the servant by simply touching an electric bell in your room, or in any other room where you may happen to be. Save steps and shouting. Summon her silently, quickly and easily. Less bother and annoyance for you and for her. Let us equip your house with an electric system of bells and annunciators. The service is great—the cost small. After once trying it you would not care to return to the bid system.

The Collar Question

Do you get the satisfaction your money ought to bring when you have your collars or cuffs laundered? Are the edges smooth? Are the folds or points neatly turned? Is the color a delicate, pearly white? Is the finish that soft effect so much preferred by fastidious dressers? We succeed in all these things. Surely our work is worth a trial. You will be a steadfast patron.
