

# CARLOS MAY RUN IN HERE

### Announce A New Steamship For Coos Bay-San Francisco Line.

It was announced yesterday that the steamship Carlos will probably be put on the run between Coos Bay and San Francisco within a few weeks. The steamship, stopped in yesterday on her way from San Francisco to Grays Harbor, and brought thirty-eight passengers for Coos Bay. She is in command of Capt. Roberts, familiarly known as "Scantling Bill." He formerly ran in here on the Homer and is well known on Coos Bay. Yesterday was his first trip in to the Bay in many months and he crossed the bar slowly, stationing a man fore and aft to sound. He stated that the bar at half tide had twenty-four feet of water and the shoal had twenty-one feet.

The Coos Bay Station of the United Wireless Telegraph Company was formally opened last night and found to work perfectly. Operator Jessup picking up and sending messages to other wireless stations all over the Pacific coast.

The first messages sent out were felicitations from Mayor E. E. Straw of Marshfield, to the mayors to San Francisco, Eureka, Grays Harbor, Astoria and Seattle. All were received but of course no answer could be obtained as it was night and impossible to deliver the messages.

Operator Jessup also received a message from his wife at San Francisco.

The station also during the night picked up a message sent by the United States Cruiser West Virginia which was entering Magdalena Bay.

### Gov. Chamberlain Decides Er-ring Pastor Must Return to Texas For Hearing.

ROSEBURG, Ore., Nov. 13.—Failing in his attempt to induce Governor Chamberlain not to honor a requisition for his extradition to Texas, Rev. Chas. Clark or Summers, as his name may be, returned from Salem, in the custody of Sheriff Penton, and was locked up in the county jail. During the interview at Salem, Governor Chamberlain informed the minister that the letters which he showed him were satisfactory evidence that his life in Oregon had been above reproach. So unsatisfactory, however, was the explanation of the minister of his previous career in Texas, particularly with reference to the charges against him, that the governor at once informed him that when the requisition arrived from Texas he would have to honor it. The minister accepted his imprisonment here with bad grace, but he will have to remain in jail until an officer, now en route, arrives, with the necessary papers to take him back to Texas.

Rev. Clark will issue a statement to the public soon.

# Malthoid Roofing

Saved the lumber, cost, and building plant of A. I. Schwalter & Co., of Haistead, Kan., from fire last March. The south wind blew the flames from a barn filled with hay directly on the sheds of this company. These sheds were roofed with Malthoid, while the sides were covered with corrugated iron. The heat was so intense that it ignited the wood back of the corrugated iron and it was only with difficulty extinguished. The fire-resisting qualities of Malthoid Roofing saved the roof, which was subjected to the most heat. Malthoid Roofing is fire-resisting and durable.
