The Collar Question

Do you get the satisfaction your money ought to bring when you have your collars or cuffs laundered? Are the edges smooth? Are the folds or points neatly turned? Is the color a delicate, pearly white? Is the finish that soft effect so much preferred by fastidious dressers? We succeed in all these things. Surely our work is worth a trial. You will be a steadfast patron.

Bridge seems to have carried off the honors this time in fistie encounters on election day. H. C. It is expected that she will be able to start up in a short time.

It is now reported on good authority that the laborers holding checks against the Larsen Lumber Co., will not lose their wages as first reported but that there is 2,000,000 feet of logs in the McCormac boom at Marshfield and that the men's wages will have to come out of them.
