What is home without a mother?
You've seen plastered everywhere;
"What is home without a gas range?"
Isn't printed--still, it's there.
Or should be, "mother" will admit it,
For it's "mother" ought to know;
An hour saved for sleep in the morning
Certainly "helps some," doesn't it, though?

Nann Smith In.—The Nann Smith arrived yesterday noon from San Francisco, after a good trip up. She is loading at the C. A. Smith mill and will return at once to Bay City with lumber.

Lund Is Moving.—O. O. Lund is moving his harness and shoe shop from the C. A. Smith building on Broadway, near the Dow warehouse, to the new Noble building further north on Broadway. It will afford him more room to enlarge his stock.

New Show Troupe.—Mr. Kramer who has been playing with the Margaret Iles Company in this section for several months announces that he is arranging to organize a second stock company to play the Coos county circuit. He and his wife will be with the new company.

Assembly Club Changes Night.—The Assembly Club will give its next dancing party at the I. O. O. F. Hall next Friday evening, November 20. The date originally set was Thursday evening, November 19, but it was found advisable to change to Friday night, November 20.

Garfield Grill Closes.—Proprietor Sheehan has decided to close the Garfield Grill, formerly Smith's cafe, which he opened about a month ago. At present, he considers the restaurant business overdone here. The closing of the restaurant is regretted by the patrons and the many friends Mr. Sheehan made while here.

Extend North Bend Gas Mains.—The Coos Bay Gas and Electric Company will immediately proceed to ex-

tend gas mains through the business sections of North Bend. The work will take a big force of men about thirty days and will cost about \$10,000. It will, however, enable practically all of the residences in that city to have gas.

Clock Runs Long Time.—S. B. Cathcart is having his house clock cleaned for the first time in thirty-one years. It is an ordinary marine clock and its durability is considered rather remarkable. In all that time, he says it has stopped but a few times and then only when they forget to wind it once a week. It has kept almost perfect time and struck perfectly.

Goes to County Jail.—Wm. Robinson, generally known as "Hobo" Robinson was taken to Coquille today by Marshal Carter to serve a fifteen-day sentence in the county jail. 'Hobo' unceremoniously picked up three hams at the Sanitary Market the other day when he thought nobody was looking and started to walk off with them in a sack. Somebody was looking and Marshal Carter soon had him in tow. Saturday evening at 8 o'clock, Judge Pennock sentenced him to \$50 fine or fifteen days in the county jail and "Hobo" took the latter.

Curry County People Here.—"Jas. and Mary Sution started for Marshfield where they will take the Plant for San Francisco, from whence they will go to the southern part of California. While attending school in Port Orford last spring Miss Mary contracted the pneumonia from which she has not fully recovered, and she goes south in hopes that she will regain her health in a warmer climate. The young people were accompanied as far as the bay by Miss Anna Dean who will probably remain for some time in Coos.—Port Orford Tribune.

WILL PUT IN LONG DISTANCE COPPER WIRE

Coos Bay Home Telephone Company To Improve Toll Line Service to Frisco and Intermediate Points.
Manager R. T. Durrett of the Coos Bay Home Telephone Company, has ordered copper wire to replace the present toll line between Coos Bay and Myrtle Point. It will be here within a month and the line will be rebuilt at once. The new line will cost about \$2,500.

The reconstruction of the local toll line is in accordance with an agreement with the Pacific Telephone and Telegraph Company that it will rebuild the line between Roseburg and Myrtle Point, when a copper line is put in. This will greatly improve the long distance phone service between Coos Bay and San Francisco and intermediate points. The heavy copper wire carries the voice more distinctly than any others and it is claimed that there will be no difficulty in talking between Coos Bay and San Francisco as soon as the line is completed.

The line between Roseburg and Myrtle Point will probably cost the Pacific States Company in the neighborhood of \$5,000.

SUMNER DAIRY HERD MAKES NEW RECORD

Capt. C. W. Harris Has Test Made of Dairy That Shows Some Extraordinary Figures.
Captain W. C. Harris of Sumner, has undoubtedly one of the best dairy herds in southwestern Oregon. He has just had a test made of the milk to ascertain just how things were going and says that the result was a surprise to him.

He has twenty-three cows in the herd and they are now averaging 500 pounds of milk per day. The test showed 4.6 butter fat, or twenty-three and three-tenths pounds of butter per day from the herd. This is more than a pound of butter apiece from each cow per day. All of the cows have been milking since last spring.

J. W. PROCTOR SURPRISED BY MARSHFIELD'S GROWTH

Declares That He Hardly Knew the City On His Arrival From San Francisco—Here a Year Ago.

John W. Proctor, a brother of Mrs. J. H. Flanagan, arrived here yesterday from San Francisco for a short visit at the home of his sister and with his numerous friends on Coos Bay. It is his first trip here in over a year. He is en route to Idaho to look after property interests there.

"I was surprised when I reached Marshfield yesterday," said Mr. Proctor today. "I hardly knew the place. The growth and the excellent improvements, the street paving and fine new buildings that have gone up here in the past year dumb-founded me. Mr. and Mrs. Flanagan have written of the various improvements and I knew there was something doing here, but I was not prepared for the remarkable development that has taken place since my last visit."

CARLETON'S HANDSOME JEWELRY STORE OPENS

Large Number Inspect Store in First Trust and Savings Bank Building Saturday Afternoon and Evening
The opening of the G. W. Carleton Jewelry Company's handsome new store in the First Trust and Savings Bank building on 'C' street, Saturday afternoon and evening was largely attended. The store room was crowded the greater part of the time by admiring assemblages.

The new jewelry store is one of the handsomest in the state. The store room and fixtures is about as attractive as can be imagined. The show cases are mostly of glass and the woodwork was made on Coos Bay. An elegant line of jewelry and cut glass makes it complete.
Mr. Carleton will be assisted in the store by T. R. Hadley, an expert jeweler and watchmaker, who recently came here from Michigan.

The steamer Fifield will sail from SAN FRANCISCO for COOS BAY Tuesday, Nov. 17.

DIME READY FOR SAFEGUARD

Moving Picture Show Manager Condemns Action of Orpheum Management.

"You can say for the Dime moving picture show that we welcome the proposed safeguards to be thrown around playhouses," said Manager Livermore of the Dime Moving Picture Show Company this morning. Mr. Livermore and Vince Pratt recently purchased the moving picture show from Mr. Gordon of Pendleton. "I have just informed City Attorney Farrin of our attitude on the matter. We have numerous exits now, but will put in more if the council deems it advisable. We have ordered a new machine that will cost us \$275. It will be here within a few days and will be as nearly fire-proof as can be made. In addition to this, we are willing to line the machine room with zinc or metal as the council may see fit to order.

Condemns Orpheum's Action.
"We are opposed to the action of Manager Keller of the Orpheum in fighting the proposed safeguards and consider the circular he got out as a low piece of business. He wanted us to go in with him on it and pay half the expense of the circulars, but we would not do it. Keller has an old-style machine. It has no rewind on it. The film runs out into a box instead of being rewound on to another spool and put entirely out of danger."

The circular which Mr. Livermore refers to was one that was distributed Saturday night in which the discussion in the city council last Tuesday evening which was briefly told in The Times was bitterly condemned and a lot of idiotic drivel indulged in.

There has been considerable complaint over the Orpheum not providing ample exits. A rear exit marked in the place is directly behind the piano, making it difficult to use in case there was occasion for it.

The proposed regulations which the council will probably adopt Tuesday night will eliminate these.

WARREN PAINTER AND MISS HELM MARRIED

Well-Known Marshfield Young Couple United By the Rev. J. E. Burkhardt at North Bend Saturday.

Warren Painter and Miss Eleanor, Helm, two prominent Marshfield young people, were married at North Bend at 8 o'clock Saturday evening. The ceremony was in the parsonage and only a couple of intimate friends were present.

The wedding came as a surprise to the young couple's many friends on Coos Bay. It was reported Saturday that they had been married Friday evening, but they smilingly denied that they had been married.

Mr. Painter is assistant agent of the Alliance at North Bend. Mrs. Painter is the daughter of Mrs. M. A. Sweetman and has made her home with Mr. and Mrs. Sweetman in Ferndale. Hosts of friends unite in wishing them a long and happy life."

WM. C. BARTLETT WEDS IN SAN FRANCISCO

Well-Known Coos Bay Property Owner and Lena Miller of Centerville, Cal., Married.

The following announcement in a San Francisco paper will be of much interest to the older residents of Coos Bay:

"Bartlett-Miller married in this city, November 7, by Rev. H. E. Milnes, pastor of California-street M. E. Church, William C. Bartlett of Oakland to Lena Miller of Centerville, Cal."

Mr. Miller has extensive property interests in Marshfield and in Coos Bay and is quite well-known here as a result of frequent visits to look after his holdings in this section. The bride is not known here.
