JOE GILBERT HAD FINE WAR RECORD

A Friend at Empire, Tells of Late Pioneer's Services in the United States Army.

Joe Gilbert, the well-known Coos county pioneer who died at Empire at a fine war record; a friend of the old soldier, in discussing the passing of his friend said:

"Joseph B. Gilbert who died at Empire, November 14, has an honorable record as a soldier during the Civil War. He enlisted November 10, 1861 for three years as a private in Company K, 14th Iowa Volunteer Infantry, was promoted quarter-master sergeant November 16, 1861, promoted to second lieutenant May 12, 1863, and finally discharged November 16, 1864, by reason of expiration of service. His record as a citizen and friend is well-known to all the old inhabitants of Coos county where he has been a resident for more than forty years."

A sister, Mrs. Elizabeth Douglas, resides at Lyons, near Clinton, Iowa. She is about eighty years old and has just been informed of her brother's death. She will probably fall heir of the property that Mr. Gilbert left as she is the only living relative that he is known to have.

FIRE ALARM SYSTEM URGED

North Bend City Council Takes Steps to Have One Installed There.

The North Bend city council this week took steps to secure the installation of a fire alarm system there. The council instructed Recorder J. H. Gardiner to secure prices on the various systems and report at an early date.

As a result of many complaints concerning the new Sherman avenue sewer, the council decided to take the matter up as a committee of the whole and personally inspect the sewer. Property owners complain that sewer was not put in deep enough and consequently basements cannot be connected with it. City Engineer Arnold came in for considerable criticism but whether the complaints are unfounded or whether Mr. Arnold or the contractor is to blame will be ascertained by the investigation.

The Street Committee was instructed to ask for bids for improving the old Woolen Mill slip and to construct a warehouse or shed over it, making it a market place for the ranchers.

The city attorney was instructed to remove some hydrants recently installed and put them in accordance with the specifications.

An ordinance establishing the permanent grade of Sherman avenue between Washington and Connecticut, passed its first reading.

Main street east from Sherman to Stanton streets was ordered vacated.

MARSHFIELD LEADS CITISE

Dr. J. T. McCormac Says That Prosperity and Development Here Is Greatest.

"Marshfield has an air of greater prosperity and indications of it in substantial improvements than any city we passed through en route home from San Francisco here," said Dr. J. T. McCormac who, with Mrs. McCormac returned from that city last night. They had been there with their daughter, Mrs. French, who has been receiving treatment there and who is much improved.

"None of the towns north from San Francisco has any where near the appearance of growth and development that Marshfield presents. The new buildings here are not only more numerous but are of a better grade than those of the valley towns. I am more confident than ever of the future of Marshfield."

Shooting Great Sensation.

"The shooting of Francis J. Heney last Friday in the courtroom, as you can imagine, caused a great sensation. That it passed over so peaceably was due largely to Mayor Taylor and District Attorney Langdon and others taking the steps that they did. Everyone expected mob violence but the mass meeting that Mr. Taylor and Mr. Langdon called prevented it. The enraged citizens attended it in great numbers and the advice given by Messrs. Taylor, Langdon and other prominent citizens in their talks eliminated the danger of mob violence. It was feared for a time that the offices of the Examiner and The Globe, two papers that had been attacking Mr. Heney, would be mobbed but they escaped Friday night and Saturday, both came out in Mr. Heney's behalf."

Their Reward.

The many minor candidates who only run so-so. Who cannot ever hope to win Or have a half a show, Don't lose out wholly in the game Or gather no return; School histories will print their names For little boys to learn.

They may not during the campaign Make all the noise that flies Or when the fall returns are in Come down with a surprise— 'Tis not their object in the race The winning horse to be— But they through all the years to come Are in the records. See?

Full pay won't reach the minor one; The chance won't come to him To fix the White House furnishings According to his whim; He'll never guide the ship of state And keep it off the rocks; He'll only win a lasting fame To pay him for the knocks.

Then do not pause to pity him Because his chance is nil. Some other honors modestly Are listed on his bill. Forgotten will be greater men, But every grammar class Will have to learn his name in full, Or else they will not pass.

Proof Enough. "Do you think Shakespeare wrote Shakespeare?" "Sure, because he didn't make any money out of it."
