MAIL SERVICE GETS WORSE

Later Each Day Despite Excellent Weather and Good Roads.

The mail service from Richmond to Cleveland is steadily growing worse, being a few hours later each day. The mail that has been preventing this growth, and which has been haying the biggest increase in recent years, has been the morning mail. This mail has not reached here and has not been postmarked as of when it might expect it. Several days ago, when the mail had not reached here and has not been postmarked as of when it might expect it. RECEPTION IN HIGH SCHOOL

Opening of Marshall's New Structure in January to Be Properly Celebrated.

The Marshall school board and Superintendent B. R. Gordon is making preliminary plans for a general celebration of the new school building about January. The new school will contain all the latest equipment and ap-proach to the center of newness and excitement and is bound to have everything trans-plant that is for the benefit of schools in the middle of next month. It is expected to have a short program in the afternoon or evening fol-lowed by a general recognition of the entire school, both boys and girls. There will probably be a few attractive songs by the Marshall school band, members of the board and others who have been engaged in the development of the Marshall school building.
