Citizens Committee Formulates Plan to Present to Council.

**WILL CHANGE STREET GRADE**

City Council Decides on New System to Get Better Surface Drainage.

The Clackamas county roadmen last evening decided to establish a new system for the grading of county roads, inasmuch as every section not already permanently drained would be badly in need of better surface drainage. The system is based on the principle that one truck load of gravel is required for every 40 feet of roadway which is to be improved.

The new grade will be established at a meeting of the committee. All roads will be graded to the exact same standard, and will be maintained at the same time. Each section will be graded in a manner that will make it possible to get the best results for the money spent.

**STEAMER LOST OFF ROCKY POINT**

**BEAR IN MIND PRESIDENTS' VICTORY TODAY AND TWO OF CHIPS THIRTY TWO ARE HERE**

The present state of affairs in Washington is such that the state government will have to make up its mind whether or not to continue its present policy of spending money on its present course. The state legislature is now in session and the matter will be discussed.
