MARSHFIELD SCHOOL NEWS

THE BACKWARD CLASS.
I tell them all that A's for appetite, And B's a bone, and C's a pussy cat, And though they do not pay attention quite The way they should, I think they growled at that. They've been to school all day there on the mat, And yet they will not learn their letters right; Their little tummies are so very fat I fear their brains are crowded just a mite.

I cannot make them consecrate their thought, Not even though I scold them some, and frown. They don't get half the discipline they ought, Their eyes are so affectionate and brown! I don't believe that scholars can be taught Who lick your face and bark and tumble down.
—BURGES JOHNSON.

How One Doctor Successfully Treats Pneumonia.

"In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While of course I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." BAD SEASON FOR COLDS.

Colds and grip were quite prevalent last winter and Chamberlain's Cough Remedy was in great demand and performed some remarkable cures. Mrs. Mary J. Robinson of Cameron, W. Va., says: "Last winter I was taken with one of the awful colds I ever had in my life. I could not speak above a whisper and was very hoarse. I was afraid it was going to be pneumonia. I took one bottle of Chamberlain's Cough Remedy and in three days was lots better and could talk. I did not take but the one bottle and it cured me. I now tell everybody about Chamberlain's Cough Remedy and the good it did me." For sale by **JOHN PREUSS.**
