

TEXT OF NEW PORT LAW

(Continued from page 6.)

lection of taxes in the spring next following, and shall be entered on the tax rolls and collected as one tax of and for the said corporation of a per cent or rate in the aggregate equaling the aggregate of the general and special tax so levied by said corporation during such year under the authority herein granted. Property shall be subject to sale for the non-payment of taxes levied by the said corporation in like manner and with like effect as in the case of county and State taxes.

Section 8. The power and authority given to corporations organized under the provisions of this Act is vested in and shall be exercised by a board of commissioners five in number, each of whom shall be a qualified voter within the limits of said corporation. Within ten days after the issuance by the county court of the proclamation provided under Section 3 of this Act the Governor of the State of Oregon shall appoint a board of five commissioners, each of whom shall be qualified voters as aforesaid. Such commissioners shall meet at such place within the limits of said corporation as the Governor shall designate on the fifth day after their appointment, and shall organize as a board, first making and subscribing to an oath of office to the effect that they will support the Constitution of the United States and of the State of Oregon and the laws thereof, and will faithfully discharge the duties of commissioner to the best of their ability. The term of office of commissioner shall be determined by lot at the first meeting of the board. Two of said commissioners shall hold office until the first day of January next following the succeeding general election held in said State of Oregon, and the remaining three of said commissioners shall hold office until the 1st day of January following the second next general election in said State. At such first general election two commissioners shall be elected, each to hold office for the term of four years from the 1st day of January following such election, and at the second general election three commissioners shall be elected, each to hold office for a term of four years from the 1st day of January following such annual general election.

At each succeeding general election held in the State of Oregon thereafter, commissioners shall be elected for a term of four years each, to take the place of those whose terms of office expire on the first day of January following such election. At all elections herein mentioned persons having qualifications prescribed by law to vote for county officers within the limits of any such municipal corporation shall be legal voters, qualified to vote at the elections of that municipal corporation under this Act and not otherwise; and the nomination and election of commissioners under this Act and the canvass and return of votes shall be conducted in the same manner and at the same time, and under the same penalties as are or may be prescribed by law for the government of nominations and elections of county officers in the county in which such municipal corporation exists. The board of commissioners shall meet at such place or places within such corporation as they may from time to time determine upon. The said board of commissioners shall hold at least one regular meeting in each month on a day to be fixed by it, and may hold special meetings under such rules as it may make therefor. Said board of commissioners shall choose from their number a president, vice-president, a treasurer and a secretary who shall hold their offices until the next election of officers, and shall respectively have the powers and perform the duties usual in such cases, and shall be known as the president, vice-president, treasurer and secretary of the said corporation. The treasurer shall give bonds as such to the said corporation conditioned for the paying over by him of all moneys coming into his hands as such treasurer, the amount of which bond shall be from time to time fixed by the said board of commissioners as based on the amount of money in the hands of such treasurer or liable to come into his hands as such. All expense incident to the giving of such bonds, if any such there be, shall be paid by the said corporation from its general funds. No commissioner shall either directly or indirectly receive any salary or compensation for his services as a commissioner, or for acting as an officer of the said corporation. The said corporation may employ such engineers, superintendents, mechanics, clerks or other persons as it may find requisite, necessary or convenient in carrying on its work or any part thereof, and at such a rate of remuneration as it may deem just, and pay the expenses actually incurred by any one or more commissioners so incurred by him or them in the service of said corporation. All moneys of any such municipal corporation shall be deposited in one or more banks to be designated by the commissioners, and shall be withdrawn or paid out only when previously ordered by vote of the commissioners and upon check signed by the treasurer and countersigned by the president, or in his absence or inability to act, by the vice-president. A receipt or voucher showing clearly the nature and items covered by each check drawn shall be kept on file. Annual reports shall be made and filed by the president, secretary, and treasurer, and at least once in each year a full and complete itemized statement of receipts and expenditures shall be published in a newspaper of general circulation, published in the county in which such municipal corporation is situated. All proceedings of the commissioners shall be entered at large in a record book and all books, maps, plans, documents, correspondence, vouchers, reports and other papers and records pertaining to the business of the corporation shall be carefully preserved and shall be open to inspection as public records.

Vacancies in the board of commissioners occasioned by death, resignation or removal from within the district shall be filled by the remaining members of such board of commissioners, but said member so elected by the board of commissioners shall hold office only until the 1st day of January next succeeding the next regular general election held in said State of Oregon. In the exercise of the initiative and referendum powers reserved under the constitution of the State of Oregon to the legal voters of every municipality and district as to all local, special and municipal legislation of every character in and for their respective municipalities and districts the president of the board of commissioners of said corporation shall exercise the duties of mayor of a city or town and the secretary shall perform the duties of auditor or recorder of a city or town, and the attorney of the corporation shall perform the duties of the attorney of a city or town, and if there be no attorney of said corporation then the duties required of attorney shall be performed by the secretary of such corporation.

H. B. 28.

Two other sections were later added to the bill, the first being an emergency clause providing that the law should become effective immediately after being adopted by the Oregon state legislature and being signed by the governor. The second section added provided that nothing in the new law should in any way infringe upon or curtail the rights of the Port of Portland which had been organized under a previous act by the legislature. The latter was necessary in order to prevent Portland people fighting the measure, fearing that the new law, unless specifying otherwise, might enable Astoria to organize a port commission of its own and take in some of the territory now under the jurisdiction of the Port of Portland. The text of neither of these additions or amendments is not obtainable now, but it is stated that neither in any way affects the workings of the law so far as Coos Bay is concerned.
