Oregon Electrical Supply Co.**BAD SEASON FOR COLDS.**

Colds and grip were quite prevalent last winter and Chamberlain's Cough Remedy was in great demand and performed some remarkable cures. Mrs. Mary J. Robinson of Cameron, W. Va., says: "Last winter I was taken with one of the awfullest colds I ever had in my life. I could not speak above a whisper and was very hoarse. I was afraid it was going to be pneumonia. I took one bottle of Chamberlain's Cough Remedy and in three days was lots better and could talk. I did not take but the one bottle and it cured me. I now tell everybody about Chamberlain's Cough Remedy and the good it did me." For sale by **JOHN PREUSS.**

FINE TAILORING**How One Doctor Successfully Treats Pneumonia.**

"In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While of course I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." Blessed is he who has found his work; let him ask no other blessedness. He has a work, a life purpose; he has found it and will follow it! How, as a free flowing channel, dug and torn by nobler force than the sour mud-swamp of one's existence, like an ever deepening river there, it runs and flows; draining off the sour, festering water gradually from the root of the remotest grass-blade; making, instead of pestilential swamp a green, fruitful meadow, with its clear, flowing stream. How blessed for the meadow itself, let the stream and its value be great or small! Labor is life; from the inmost heart of the worker rises his God-given force, — the sacred, celestial life-essence breathed into him by Almighty God; from his inmost heart awakens him to all nobleness, to all knowledge, "self-knowledge," and much else, so soon as work fitly begins.

THOMAS CARLYLE.

Stately Verse.

If Mary goes far out to sea,
By wayward breezes fanned,
I'd like to know—can you tell me—
Just where will Maryland?

If Tenny went high up in air
And looked o'er land and lea,
Looked here and there and every-
where,
Pray, what would Tennessee?

I looked out of the window and
Saw Orry on the lawn;
He's not inere now, and who can
tell
Just where has Oregon?

Two girls were quarreling one day
With garden tools, and so
I said, "My dears, let Mary rake
And just let Idaho."

A friend of mine lived in a flat
With half a dozen boys;
When he fell ill I asked him why,
He said, "I'm Illinois."

An English lady had a steed,
She called him 'Ighland Bay.
She rode for exercise, and thus
Rhode Island every day.

A display of poor judgment is evidently a misdemeanor in that city.

That California woman who is advocating a curfew law for husbands is not making it much easier for other California women to get husbands.

A blacksmith is to make his debut as a tenor in a New York theater this week, but we understand the "Anvil Chorus" is not to be one of the numbers rendered.

A Texas girl who for nine years masqueraded in male attire learned how to chew, smoke, and drink beer. And still, as we understand it, she failed to make a man of herself.

Mrs. Russell Sage, it is said, has given away almost \$16,000,000 in the last three years, which, at this distance, looks just a bit faster than Russell could pile it up while on earth.

The inventor who claims to have devised a way of dispelling fogs by blowing holes through them neglects to state that the same method can be used to advantage in quelling rioters.

A contemporary reports that "Chester Boyer of Missouri swam the Cane river yesterday to get married." Chester will doubtless regret it every time he finds himself in hot water hereafter.
