Sustains Broken Leg.—Tom Madden sustained a broken leg while participating in a friendly scuffle at The National Saloon last evening. The fracture is quite a bad one and owing to Mr. Madden's weight, it will probably be some time before he can be around.

Fill at Broadway and Washington.—Lyman Noble, Hugh Sneddon, Al Hall and other property owners on the eastside of Broadway, near Washington, are having their lots filled by the dredge. The fill was started yesterday but an accident to the derrick pontoon delayed operations this morning. It will take a couple of days to fill the tract which promises to be one of the hand-somest, if not the prettiest, sections of Railroad addition.

Fill Along Sheridan.—The property-owners along Sheridan street today began bulk-heading for the fill along Sheridan or rather South Second street, as is the proper name now. The property owners on both sides of Sheridan, south of Queen, have signed up to the south edge of George Thomason's property, with the exception of one non-resident who cannot be located. The fill will greatly enhance the value of this property and will be a cheap improvement as the property-owners are having Sheridan street filled as well as their lots. The dredge Oregon will start to fill the lots Thursday, it is expected.

NEWSPAPERS BEST.

Royal Road to Success For Those Who Advertise Therein.

That newspaper advertising has always proved to be the most profitable mode of publicity for retail trade was the statement made by R. D. Baldwin of Fitchburg, Mass., to the Pennsylvania Retail Hardware Association, in convention at the Bellevue-Stratford hotel, Philadelphia.

Mr. Baldwin's address was upon "Effective Advertising" and was in part as follows:

"Advertise in the newspapers first, last and all the time. This is the most effective method of advertising you retail men can adopt. The most effective method of newspaper advertising is the concentration of the ad. upon some one article to be sold next day. The attention of the public is focused upon the commodity in question, and the sales will be found to be greater in the aggregate than will be the case if you attempt to advertise everything in your store.

"My principal desire is to induce you to give greater thought to your newspaper ads., for the well worded appeal to the purchasing public through the columns of the daily paper proves many times to be the royal road to success."

It is quite natural that we should wholly agree with the hardware men that newspapers are the best medium for advertising. But this is not from personal reasons. If the facts were otherwise, no matter of personal opinion could militate against them. It is a truth which is becoming more apparent every day that advertising in the newspapers is the best and ultimately the cheapest form of publicity.

The important feature seems to be that through the newspaper alone it is possible to have that constant reiteration which makes for successful advertising.—Philadelphia Inquirer.

VANCOUVER, Wash., March 23.—Thomas J. Lewis, aged 53, and Mrs. Emily McFarlin, aged 56, were married in Vancouver, Rev. H. S. Templeton, of the Presbyterian church, performing the ceremony.

Before the bride-to-be would consent to the ceremony, she induced the pastor's wife to lend her a white shirtwaist and to let her gather a bouquet of tulips from the garden. "You see," insisted the bride, "this black dress makes me think of my first husband. I'm 56 years old, but that's pretty young, and I'm so happy to think I'm to be married again."

LIKE LEGAL TENDER.

A Times want ad. is always a fair exchange for its cost, because a Times want ad. is the best of all small advertising. They are not expensive; on the contrary, results considered, a Times want ad. is the least expensive of any kind of advertising. There can be no better advertising on Coos Bay than a Times want ad. at five cents per line per issue. Results count.
