

# M. F. PLANT IN FROM FRISCO

### Freight Business of Steamship Considerably Greater Than In Previous Years.

The M. F. Plant arrived in from Frisco late yesterday afternoon after a rather rough trip up the coast, a stiff northwest wind having delayed her progress considerably. She had a good cargo of miscellaneous freight and one of the largest passenger lists she has had in many trips up the coast. The freight business of the M. F. Plant to and from Coos Bay is said to be averaging considerably more than any previous year, showing that business here is improving despite the claims of some to the contrary.

The Plant will sail for Frisco at 7 o'clock Wednesday morning.

Among the incoming passengers on the Plant were the following:

H. F. Standinger, John R. Smith, Ray Pritchard, Mrs. J. W. Umstatted, W. E. Carothers, Mrs. Carothers, F. Bowker, E. C. Nutler, W. H. Murphy, Fred Metzler, I. R. Tower, J. E. Tomas, N. G. Perkins, Mrs. Perkins, Miss Perkins, N. G. Perkins, Jr., F. A. Perkins, J. J. McKenna, O. Flentge, W. R. Bonebrake and wife, Miss Elsie Hagermeister, Ray Saubert, Tom Saubert, Carl Miller, R. Forsythe, D. H. Starr, R. H. Putnam, G. A. Niehaus and eighteen steerage.

## WANT COURT HOUSE GROUNDS BETTER KEPT

### Study Club of Coquille Asks Taxpayers to Petition County Court to Arrange Keeping Site Beautiful

The Progress Club of Coquille which has taken a great interest in beautifying the grounds around the Coos county court house at Coquille and which accomplished much in this direction by planting shrubbery and flowers has started a movement to have the county commissioners keep up the work. The club feels that it cannot stand the expense of keeping up the appearance of the grounds and believes that the county court should make annual appropriations for this purpose.

In order to have the matter properly brought up before the county court, Mrs. F. D. Sperry of the Study Club, has asked the assistance of the other clubs of the county. She has sent a request to the A. N. W. Club of Marshfield that petitions setting forth the desire to have the grounds cared for by proper appropriations by the county court circulated by the various clubs among the taxpayers in their vicinity and then to have them presented to the county court. It is planned to have these petitions presented at the next session of the county court so that the courthouse grounds may be properly cared for this season, if the county court decides to grant the petitions.

# TELLS STORY OF MASSACRE

city and the Vail distributed arms to these men alleging they were Turkish reserves. Major Daughtry-Wylie at the head of troops which he compelled the Vail to supply with arms, went to the rear of the town and was successful in preventing the villagers from coming to Adana. Later, while the major was trying to pacify the town, he was shot and disabled.

"Missionaries at the Central Turk- ish mission protected hundreds of refugees in the American seminary for girls." Thursday, Daniel Miner Rogers and Henry Maurer, American missionaries, were killed under treacherous circumstances. On Fri- day, the Armenians yielded, since when there has been little murder- ing.

"Adana is in a pitiful condition. The town has been pillaged and de- stroyed. There are thousands of homeless people without any means of livelihood. It is impossible to estimate the number of killed. Corpses lie scattered in the streets. Friday, when I went out, I had to pick my way between the dead to avoid stepping on them. Saturday morning, I counted a dozen cart- loads of Armenian bodies in one- half hour being carried to the river and thrown into the water. In the Turkish cemeteries, graves are being dug wholesale.

"On Friday, 250 so-called Turkish reserves without officers seized the train at Adana and compelled the engineer to convey them to Tarsus where they took part in the com- plete destruction of the Armenian quarter of that town which is the best part of Tarsus. The work of looting there was rapid. It is said that they spread kerosene and fired the great historic Armenian church at Tarsus, the most imposing in the city. They demolished the marble statues and shattered the important historic tablets. The church resisted the efforts to burn it. Fortunately but few persons were killed here. This was owing to the proximity to the American college where four thousand destitute and homeless per- sons had sought and found shelter.

### How One Doctor Successfully Treats Pneumonia.

"In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While of course I would treat other symp- toms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not con- trolled the trouble. I have used it myself as has also my wife for coughs, colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge."
