An Exclusive Drug Store

When yon need hardware, crockery, jewelry, cigars, dry goods or talking machines, you naturally go where these things are made a specialty—where by thorough knowledge of the particular lines the dealer is able to give you the best possible service at the best price.

Think It Over

When you need medicine do you pursue the same policy, or do you take prescriptions and other drug store wants to stores in which the dispensing of medicine is really a side line?

We are conducting a pharmacy in the truest sense of the word, and our stock is most complete in everything that belongs to the drug business.

If you want a watch, suit case or phonograph, don't come here, but if it's anything in medicines or toilet goods—come direct to headquarters—that's us.

BORN.

HAYDEN—To Mr. and Mrs. Hayden of South Marshfield, a daughter, Tuesday, June 1.

Council Tonight.—The Marshfield city council will meet this evening to take up various matters.

Excursion to Bandon.—Plans are being made to run an excursion from here to Bandon next Sunday.

School Out Soon.—The Marshfield Public schools will close for the summer vacation June 11. No formal program has been announced for the closing.

Swimming In Bay.—Yesterday and last evening scores of school boys were swimming in the Bay. The lads claimed the water was warmer than it has generally been this early in the season.

Knights of Pythias.—The Coos County Convention of the Knights of Pythias will be held at Bandon, June 7, instead of June 22, as some have understood it to be. The Marshfield and North Bend lodges will send over large delegations.

Small Gets Contract.—D. W. Small was awarded the contract for grading the two blocks of Laurel street north from Central avenue which S. B. Cathcart, Tom Hall, J. F. Hall, W. U. Douglas and others are arranging to improve by private contract. Mr. Small started the work today.

Names Omitted.—Through an error, a few names were omitted from the list of members of the Chaminade Club published in The Times last Saturday. Besides those given, Miss Lillian Hall is one of the leading active members and Mrs. W. R. Haines a prominent associate member of the organization.

Fix Ball Grounds.—F. P. Norton announces that the new ball grounds at the fairgrounds will be completed this week and will be in readiness for next Sunday's game between Marshfield and North Bend. The new grounds are even better than the old diamond near the depot. They are just across the track from the grand stand

Goodwill's Discontinued. — Mrs. J. A. Goodwill has discontinued her boarding house on South Coos River, and has taken charge of the office boarding house at the C. A. Smith mill. Many Coos Bay people who have been accustomed to spending a few days during the summer at that hospitable home will learn with regret of the change. The Smith forces are to be congratulated on securing such an excellent superintendent of their culinary department.

An Expert Angler.—J. W. Booth has departed for his home in Winona, Minn., after a short visit with his son, R. K. Booth, manager of the retail business of the C. A. Smith Lumber Company. While here, Mr. Booth demonstrated his ability as an angler, showing R. K. that even he can be beat in luring the elusive and sportive trout from the waters of beautiful Ten Mile. He not only caught more than his share of the sixty odd fish they landed there Friday but had the rare luck of landing two fine ones on one cast.

Work On Shoal.—Captain Peters stated today that in all probability the dredge Oregon would continue its work on the channel forth from the Cold Storage shoal until the channel is in good shape there. The Bennett Trust Company and the Nasburg estate which owns most of the property west of the North Front street elevated roadway, has practically agreed to have that filled so that sufficient can be secured to pay for the dredging of about 1,500 of the worst part of the channel. It will greatly enhance the value of the property which is now flooded at high tide.

MRS CORA E. BOLT,
Secretary.

The best way to build up your own town is to do your trading at home. Patronize your home merchants. If they succeed, the chances are you will succeed. When you send a dollar to a mail order house you have the goods and they have the money. Trade at home and we keep both the goods and the money.
