Meet Friday.—The W. C. T. U. will meet at the Methodist Episcopal parsonage Friday afternoon at 3:30 o'clock.

Breakwater Due.—The Breakwater will reach here about 7:30 this evening from Portland, according to advices received here this afternoon.

Buy Home.—A. T. Haines has purchased the J. B. Hibbard place in South Marshfield from Mr. and Mrs. E. S. Bargelt and will move his family there.

Marshfield Boy Wins Honor.—Douglas Hawley, son of Mr. and Mrs. F. Hawley of the Melrose restaurant is sending some splendid specimens of penmanship from the commercial college he is attending in Portland. In a recent examination he stood second in a class of two hundred and fifty.

Gets Scholarship.—Miss Marjorie Cowan who will graduate from the Marshfield High School this week, has been awarded a scholarship at Whitman College at Walla Walla, Wash. Whitman college has a standing offer of a scholarship to the graduate of the Marshfield High School each year who has the highest marks.

Are Grading Street.—Residents along Flanagan avenue, formerly 'I' street, are having the street graded from the city limits east. The contract has been let to Torrey and Householder for twenty-one cents per cubic yard, the dirt being dumped in some nearby low property belonging to Capt. Matson. The grading of the street will be a great improvement.

Meet Tonight.—A meeting of the younger men of Marshfield, will be held at the Chamber of Commerce this evening to take steps to form a young men's booster club to aid in the advancement of Coos Bay. The proposed club will not in any way

interfere with the Chamber of Commerce work, but will proceed along similar lines. Tonight's meeting will open at 8 o'clock. A general invitation has been extended to the young men to attend.

Is Poisoned.—Ferd Painter, who has been working with F. A. Haines surveying party near Camas, is said to be suffering from a rather severe attack of poisoning from coming in contact with poison oak.

On the Rita.—Captain Pendergast has been on the Rita for some days putting in the new cable from Empire to the United States Life Saving Station. The cable was brought up on the M. F. Plant this week.

Survey County Road.—The various rumors about a mysterious surveying gang working on North Coos River have been run down by D. Y. Stafford. He says that County Surveyor Gould is completing the survey for the completion of the county road between Allegany and Scottsburg through the Loon Lake country. This will turn the Drain travel that way, it is claimed, cutting out Gardiner on account of the new route being shorter and easier traversed.

Enjoy Drive.—Yesterday Robert Marsden, Sr., with a kind invitation to A. D. Border, persuaded John Bear to hire him for a stipulated sum, the wildest, untamed steed he had among all his Kentucky and Texas breed. While A. D. was a little timid in the horseless line, the able manipulation of the reins by Mr. Marsden and the corresponding affinity of the animal generated confidence, and the trip to new North Bend, Plat B, and Bangor at which latter place Major Kinney gave them in glad hand. The trip could only be remembered by a reproduction of rapid transit photo work. The steed referred to on the home trip soared over surveyed and unsurveyed space and plats A to Z and a few of the near planets about "He, no, she, was hungry," Mr. Border says.

(By Associated Press.)
