

# Great Clearance Sale of Millinery at MRS. A. G. AIKEN'S

During the rest of this month I am going to sell all of my trimmed hats at a great reduction from regular prices. This is not an advertising dodge but a genuine clearance sale as ladies can quickly learn by seeing these hats and getting the prices. Just as a hint of what low prices I am making, I will mention a few lines.

Fine line of medium priced trimmed hats that sold \$3.00 to \$5.00 each, will be closed out for only... \$1.50 to \$2.50

A Fancy line that sold from \$6.00 to \$10.00 each will go at this sale from \$3.00 to \$5.00

Also a large assortment of hats that sold from \$12.00 to \$35.00 will be sold at wholesale prices

Children's Trimmed Hats from 50c up. A nice line of camping hats only 10c EACH.

## PRESCRIPTIONS

This word as defined in the dictionary means little to you compared with its relation when you are ill, or need medicine. Filling prescriptions is a very important branch of the drug business.

The science of pharmacy has made great advancement of late years, and no pharmacist can best serve his patrons who ignores this fact. **PURE DRUGS ARE VERY IMPORTANT**, but be they ever so pure, a little carelessness or ignorance in handling may ruin their medicinal value.

Filling prescriptions is not merely mixing drugs—a child can do that—it involves a knowledge of the drug, its physical and chemical properties, doses and various other points, which can only be obtained by long, systematic study and many years' practical experience; we have both.

BRING YOUR PRESCRIPTIONS TO US, WE APPRECIATE YOUR PATRONAGE.
