Meet Friday.—The Citizens League will meet at the Finnish Hall Friday evening to discuss various municipal matters.

Goes to Coquille.—The United States Artillery surveying corps which is preparing war maps of this section left this morning for the Coquille Valley where they will remain for a few weeks.

Improve Mill.—The Southern Oregon company is reshingling its mill at Empire. The work is merely to protect the machinery, there being no prospect of the mill being started in the near future.

Will Ship Horses.—Mr. Herron will send his two horses, Dr. Rowell and Creserton to Salem..... where they will participate in the races. They will be in charge of S. Foster. Norman Wilson will also go along to help ride them.

Rohrer Buys Home.—W. J. Rohrer has just completed negotiations for the purchase of the beautiful new bungalow being erected in West Marshfield by the Marshfield Investment Company. The price was not made public but it is stated by those familiar that it was one of the best buys of the season.

Will Move Here.—W. E. Dungan has received a letter from his brother, G. W. Dungan of Ferndale, Cal., saying that he is preparing to move to Coos Bay to engage in the undertaking business here. Arrangements have been made to secure the quarters on North Front street, formerly occupied by the T. J. Lewis undertaking parlors, for him. Mr. Dungan is expected here in August.

FIVE ARE SUICIDES.

Epidemic of Self Destruction Strikes Portland.

PORTLAND, Ore., July 15.—Here's the suicide record for Portland in two days:

Body of unidentified man found on Willamette Heights; probable suicide.

H. L. English of Pendleton, shoots himself at Imperial Hotel.

Gottlieb Spillman, Jr., takes acid in barn where brother hanged himself.

J. Olson of Linnton, throws himself under train and is ground to bits.

Unidentified man, supposed to be E. F. Turner, shoots himself on railroad trestle over Columbia Slough.

That mysterious mania which seems to impel men to self-destruction has apparently broken out in epidemic form in Portland. It is certain that four despondent wretches have thus sought relief from their real or fancied burdens within 48 hours and a fifth one is supposed to have killed himself.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing it. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials.

Made Quick Trip.

The Portland Telegram says: "In 25 hours the steamer Breakwater, Captain Maegenn, arriving Sunday, completed the passage from Coos Bay, which is the quickest time on record for the season. The Breakwater has made a number of rattling fine passages during the past year, but her last performance is said to be among the very best to her credit. It is considered all the more remarkable on account of the strong current in the Columbia River. The majority of the coasters require from 12 to 14 hours to complete this part of the trip at the present stage of the river."
