In warfare, to meet a moderately-armed enemy, your own force equipped with obsolete weapons, would be worse than folly. Even the argument that you could not AFFORD modern arms or weapons would not excuse you. The enemy makes you pay for HIS. So it is in business. You must advertise in the most modern and aggressive ways or get out of the fight entirely.

OIL WELL GUSHES EVERY FOUR HOURS

SOUR LAKE, Tex., July 14. — A freaky oil well was brought in on the Ransom tract of land in the Sour Lake field recently. It is a gusher of the old type but it does not have a regular flow. It has eight out-breaks every 24 hours, and at each eruption it gushes just 50 barrels of oil.

The period of activity lasts only five minutes. The well then suddenly subsides and for four hours it is perfectly quiet, not a sound escaping from its surface opening. When the time arrives for another eruption the earth around the well suddenly begins to tremble, a loud subterranean roar is heard, and out of the pipe spouts the oil to a height of more than 100 feet.

This remarkable well is attracting much attention among experienced oil men. They are unable to account for its peculiar actions. The owners of the well are satisfied to let it "gush up" as it sees fit so long as it continues to produce 400 barrels of oil per day without pumping. Other producing wells in the same locality and of the same depth have given no signs of this freakish quality.

TEACHERS' EXAMINATION, AUGUST 11-13, 1909

Notice is hereby given that the regular semi-annual examination of applicants for state and county papers will be held by the examining board of Coos county, Oregon, at the court house in Coquille, beginning at 9 a. m., Wednesday, August 11, 1909, and continuing three days.

Dated this 12th day of July, 1909.
W. H. BUNCH,
County Superintendent.
