Plan For Initiation of Large Class Here August 11 — Dedication Later.

The Marshfield Aerie of Eagles is making plans for a big initiation August 11 when it is expected to decorate about fifty with the feathers of the King of Birds. All the preparations have not been completed for the big flight but it

promises to mark a new record of the local Aerie. Considerable interest is attached to the coming initiation as it will be the last big one before the initiation fees of the order here soar upward. No definite plans have been made yet for the dedication of the handsome new home the Aerie is building on South Second street. Supt. A. Hall expects to have the building completed early in September and if it is possible, the dedication will probably be arranged for the first week in that month.

Did You Say Brushes?

Yes, we have them in great variety, in fact we are headquarters for this class of goods, and we fairly bristle with pride when asked to show our line of bristle goods.

Hair brushes, cloth brushes, tooth brushes, shaving brushes, bottle brushes, hand brushes, bath brushes, baby hair brushes.

Like everything else connected with the drug business bristle goods require a thorough knowledge on the part of the dealer. There are all kinds of brushes on the market, good, bad and indifferent, and those not familiar with them could not detect the difference.

We know the brush business and guarantee every brush we sell to be absolutely the best for the price that it is possible to buy.
