The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach.

While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain.

The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods."

The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then dizziness, unnatural sleepiness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these.

Spurring the stomach and brain to special effort by "tonics" and "stimulants" doesn't cure anything, or accomplish any good. Neither does dieting. Indigestion and the serious ailments which it induces can be averted and corrected only by natural means.

Kodol supplies this natural means. It performs the stomach's work for it—just as the stomach should perform it—while the stomach takes a little rest, "for the stomach's sake."

Gleaner In.—The tug Gleaner came in last evening from Gardiner and left for there today with provisions and miscellaneous freight.

After Deer.—Hugh Sneddon and Will Montgomery started yesterday for the Sixes where they will enjoy a week or ten days deer hunting and enjoying the simple life. Hugh has a bet that he gets the first buck he sees.

Gets Three Deer.—W. H. Noble came in from Ten Mile today to arrange for beginning the pile driving for the new building of W. S. Chandler. Mr. Noble says he got three nice bucks near Templeton after a short hunt.

Council Tonight.—The Marshfield city council will meet tonight to award contracts for the South Marshfield sewage system, considerable street paving and to take up other matters among which will probably be final action on the proposed electric wiring ordinance.

Given Surprise.—Yesterday was the 39th birthday of Chas. LaChapelle of South Broadway, and last evening about forty of his friends walked in on him and gave him the surprise of his life. However, he quickly regained his composure and with Mrs. LaChapelle's aid gave the visitors a most delightful evening's entertainment.

Mrs. Justin Very Ill.—It was stated today that Mrs. Justin, the mother of the Mesdames Sullivan of South Coos River, could not survive much longer. She has had a stroke of paralysis. Her son and son-in-law who are en route here from Fond-du-Lac, Wis., missed the Alliance at Portland but were expected to leave there yesterday on the Eureka.

Will Wed Soon.—Frank Marhofer, the well-known and popular business man of Bay City leaves Thursday, August 25 for Wellington, Utah, where on August 22, he will be married to Miss Mattie June, at the home of her parents there. Miss June formerly resided in Marshfield and made many friends here who will be glad to welcome her as a bride of Mr. Marhofer. After a brief honeymoon trip they will return to Coos Bay where a welcome as warm as their congratulations

awaits them. The Times joins many friends in pre-nuptial felicitations with wishes for a full measure of all the good things of life for them both.

Prominent People Here For Hunt.

—Mr. and Mrs. Ehman of Oroville, Cal., arrived here on the M. F. Plant yesterday to enjoy a deer hunt in the Coos Bay country and will leave today for the Gould ranch on North Coos River. Mr. Ehman is one of the leading olive raisers of California and Mrs. Ehman is the daughter of a prominent Oakland banker. While here this morning, they were guests of J. H. Flanagan.

After Big Game.—Thomas Lawhorne, Frank Black and Will Farrin left Monday for the Tigra country in quest of big game. Mr. Lawhorne who is the well-known engineer, says that he never let an engine buck so hard that he couldn't make it go but Mr. Black insists that instead of making it go he wants to get the "buck" this time and Mr. Farrin says that it will be up to him to get the game as well as to cook it.

Poisoned Feet.—Theo. Schroeder, an employe of the Smith Powers Logging Company, is suffering from a pair of badly poisoned feet as a result of trying some kind of a corn cure that friends prescribed for him. Some say it was vinegar but Dr. Dix who attended him says he does not think it was. At any rate, Schroeder is in a pretty bad way and it will be some time before he will be able to tell whether he has any corns or not.

Buy Fish Here.—The Union Fisheries Company which has been operating on Rogue River this season, has leased the fishery department of the Coos Bay Ice and Cold Storage Company and will mild cure and freeze fish here this season, starting in today. Manager Nicholson has originally leased this department to Mr. Mason of Astoria for this year, but the latter was unable to come owing to his father's death so he sub-let to the Union Fisheries Company.

F. P. Norton's Loss.—F. P. Norton of Norton & Hansen, had a brief but expensive bit of experience Saturday evening with some of the light fingered gentry that seem to be growing more numerous in Marshfield. He was in the store after supper when Geo. Snyder came in to pay him a small personal account of \$9.20, tendering a \$20 gold piece. Mr. Norton took the money and went to the safe where he made the change but while doing this Mr. Snyder said he would step into Stauff's grocery to get some goods. Mr. Norton counted the money into the exact change and leaving his part of \$9.20 on the show case stepped into Stauff's to pay Snyder. He was not gone more than a minute but when he returned, the \$9.20 had disappeared as completely as the Harriman railway to Coos Bay. There was no one about that noticed any one leaving and whoever made the touch left neither coin or clue. A number of other small thefts are being reported and it will pay Marshfield folk to keep a little closer watch on articles of value.

Incidentally, it might be mentioned that the Senator had a hunch that the deer season was on and if there is anything he likes better than a nice piece of venison, he says he can't think of it until after he has got the venison.

Carranza Didn't Come.—Lupie Carranza and his brother, "Beans" who were expected here on the M. F. Plant last evening, failed to show up. It is supposed that they either missed the boat or waited in San Francisco until next week when Neil and Kid George will come up.
