BORN.

MICHELBRINK—To Mrs. John Michelbrink of Allegany, Oregon, in Marshfield, Tuesday, August 17, a son. Mother and child are getting along nicely and Mr. Michelbrink is as elated as a proud papa can be over his first son.

Sunday School Picnic.—The Presbyterian Sunday school will give a picnic at the Goodwill ranch tomorrow.

Ill With Typhoid.—The little ten-year-old son of Mrs. Alice Sneddon in South Marshfield is reported critically ill with typhoid fever.

Makes Model.—Chas. Westman has one of the neatest models of a trim schooner on exhibition at the Chamber of Commerce that has been shown here in many a day.

Play at Ollalla.—The Fairview baseball team will leave Friday for Ollalla, Douglas county, where they will play three games of ball during the pioneers' reunion.

Raises Big Potatoes.—John Hendrickson of North Coos River, today brought in eight or ten potatoes for exhibition at the Chamber of Commerce. All are from one hill and the largest one is ten inches long and weighs a pound and a half.

To Roseburg.—The Roseburg Review says that W. W. Cardwell of that city, has received a letter from Wm. McMullen of Marshfield, announcing that the latter will have three horses entered in the races there this fall. Mr. McMullen is expected there August 21 with his string.

Funeral Thursday.—The funeral of Mrs. Justin, who died yesterday on Coos River, will be held from the Wilson Undertaking parlors at 10 o'clock Thursday morning. Owing to the absence of the Catholic priests, the Rev. Wm. Horsfall will probably conduct the services.

Get Three Deer.—Messrs. Willey, Schroeder, Hadley and Farrin arrived this morning from a week's hunt in Curry county during which they got three deer. Just which one of them didn't get a deer depends on the ones you talk to. They had a good time, anyway.

Collect Poll Tax.—Road Supervisor Levi Heisner is planning to have Prosecuting Attorney Liljeqvist prosecute all who refuse to pay their poll taxes. A. G. Aiken is collecting them.

Turkey Bake.—The McCollum summer home, "Rock Lodge," will be the scene of a big turkey bake tonight at which the residents of the summer colony on Coos River will be guests.

Goes to Portland.—B. S. Vandecar, who has been employed at Barr's Jewelry Store, will remove to Portland with his family, where he has accepted a position with Freeland & Co.—Salem Statesman.

Vessels In.—The Bertie Minor arrived in last night and will load with lumber at the railroad dock. The Bandon will arrive in tonight or tomorrow with oil for the Coos Bay Oil and Supply Company. The Czarina will sail from Frisco for Coos Bay Friday.

Meet Friday Night.—A special meeting of the Marshfield city council has been called for Friday night to consider the purchase of the "B" street lot. Mayor Straw has had the matter up with C. A. Smith and it appears likely that it will be finally adjusted.

Father Is Ill.—Dr. S. Hamilton, a well-known Roseburg pioneer, and father of Judge Hamilton, is critically ill at Roseburg. In consequence, Judge Hamilton will be unable to attend the Development Congress meeting here. F. W. Waite, Congressman Hawley and some others are en route here in Mr. Waite's auto.

County Convention.—The Coos County W. C. T. U. will hold a convention at the Baptist church in Marshfield, August 24. The program is now being arranged. All day and evening sessions will probably be held. Mrs. Frank Wheeler of Cottage Grove, state secretary, will be in attendance.

Nann Smith Sails.—The Nann Smith sails this afternoon for Bay Point. C. A. Smith, his sons Vernon and Carrol and their guest, Robert Hopwood, and General Superintendent Meehan will be passengers on her. Mr. Smith and Mr. Meehan wanted to remain over for the Development Congress but business at Bay Point required them to go there at once.

Is Challenged.—Superintendent A. Meehan, captain and manager of the Meehan Wonders, who defeated A. H. Powers' team last Sunday, is being challenged by all the amateur teams. Yesterday Captain Olson of the Nann Smith, challenged him for a game.

Will Play.—Dr. Geo. E. Dix and Carl Davis, two stars who have been signed by Manager Hunter for the Leans for the game with the Fats Friday afternoon at the depot diamond, were accidentally omitted from yesterday's lineup.

Almost Drowned.—The young son of Jack Mael of Ferndale was almost drowned while swimming in the Bay the other day. The other lads dared him to dive and when he came up, he was under a number of logs. He could not get out and if there had not been some men near, he would have been drowned. As it was, his back was badly lacerated and he was quite ill for a day or two.

Freak Deer Horns.—O. O. Lund is mounting one of the queerest set of deer horns that were probably ever seen in this section. The right horn is the regulation five point horn, shapely and uniform, while the left horn has only two points growing upward and one large heavy one growing downward. The head is that of a buck about five years old and was brought in by one of the Noah boys.

Wedding a Surprise.—Neil Barnes, a well-known Gardiner young man, and Miss Leah Rogers, daughter of Mrs. Frank Rogers of South Coos River, and a grand daughter of Captain S. C. Rogers, were quietly married at the Chandler at 7 o'clock last evening, the Rev. H. I. Rutledge officiating. The wedding happened earlier than was expected owing to Mr. Barnes being compelled to go at once to San Francisco, Cal., where he is superintendent of the Oak Park dairies. F. C. Birch and Mrs. Rogers, mother of the bride, were the witnesses. The young couple left via Gardiner this morning for their future home.

Dance Eleven Miles.—A dance orchestra, "Calculations show the distance negotiated in a night by fair enthusiasts and their partners to be worthy the performance of athletes. Thus, the average waltz turn will require a dancer to travel over 1,300 yards. Other round dances in their accomplishment involve: The mazurka, 1,050 yards; the polka, a trifle under 1,000; the two step, barely 900 yards. Quadrilles, however, hold the record, since dancing one entails on each of the eight persons in the set the achievement all unwittingly of a constitutional a mile and a quarter long, while dancing the full card, inclusive of the grand march, at a ball beginning, say, at 9 o'clock at night and winding up at 2 o'clock the following morning necessitates the taking of 28,000 steps or a total distance covered of over eleven miles.

LITTLE TALKS ABOUT TOWN

A GRIST OF COOS BAY GOS-SIP GATHERED HERE AND THERE ABOUT THINGS OF PASSING INTEREST.

"Once I was young but now, I am old and I never saw a girl unfaithful to her mother who ever became worth a one-eyed button to her husband," remarked Dan Campbell to a bunch of young fellows on Front street. "It isn't a guess, it isn't exactly in the bible, it is written large and aweful in the life of most homes. If ever one of you fellows ever run across a girl with her face full of roses, who says as you come to the door, 'I cannot go for thirty minutes for the dishes aren't washed yet, you wait for that girl, you sit down on the doorstep and wait for her. Because some other fellow may come along and carry her off, and right there you have lost an angel. Wait for her and stick to her like a burr to a mule's tail.'"

"Dancing is a strenuous exercise," remarked a Marshfield man today who plays in a dance orchestra. "Calculations show the distance negotiated in a night by fair enthusiasts and their partners to be worthy the performance of athletes. Thus, the average waltz turn will require a dancer to travel over 1,300 yards. Other round dances in their accomplishment involve: The mazurka, 1,050 yards; the polka, a trifle under 1,000; the two step, barely 900 yards. Quadrilles, however, hold the record, since dancing one entails on each of the eight persons in the set the achievement all unwittingly of a constitutional a mile and a quarter long, while dancing the full card, inclusive of the grand march, at a ball beginning, say, at 9 o'clock at night and winding up at 2 o'clock the following morning necessitates the taking of 28,000 steps or a total distance covered of over eleven miles.

"Don't overpower. Don't make a boat merely something to float an engine inside of," remarked Jack Flanagan today in discussing motor boats and engines. "Have power enough, of course, but if you must err I don't know but what having her with not quite enough power is a less heinous sin to be guilty of than that of having her with too much power. Certain it is that in the first instance you will be money in pocket, both in initial expenses and in all subsequent ones when it comes to paying for gasoline, etc. Equally true is it that the slower boat will be the most comfortable and the safest one to travel in. Therefore when some well-meaning, but not overly wise friend advises you to get 'just a little bit more horse power than you need,' don't you do it. Get what you actually do need; see that you really do get this, and then not even so much as a hoof part of a horse power more. In this matter of engine, as the German comedian has it, 'enough is a sufficiently and any more is a superfluity.'"
