

That Lame Back Means Kidney Disease

And to Relieve the Lame and Aching Back, You Must First Relieve the Kidneys

There is no question about that at all—for the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way—that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: Extreme and unnatural lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages, etc.

DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections or diseased conditions of these organs. These Pills operate directly and promptly—and their beneficial results are at once felt. They regulate, purify, and effectually heal and restore the kidneys, bladder and liver, to perfect and healthy condition—even in some of the most advanced cases.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail postpaid.

Roach on account of ill health. The meeting is being held at Rev. Burkhardt's home. Rev. Roach's successor will be named in due course of time.—Roseburg Review.

Drill For Oil.—A number of North Bend men are interested in a project for drilling for oil on the tide flat near North Bend. Parties from Roseburg are expected tomorrow and it is expected that the negotiations will be closed and a well sunk at least 3,000 feet. The Roseburg parties are interested in another company besides the Mundy-Perkins syndicate who are negotiating for oil leases in this section, but it is understood Mr. Mundy is also interested with them. Mr. Mundy is expected here soon.

Baldy Wanted Rebate.—A local barber tells a Times reporter of a curious circumstance that has arisen in his experience since the price of shaving has been raised to 25c. A man with a bald head was having his hair cut, and when the job was finished and he was about to liquidate for the work, he asked the barber in all seriousness if he was not entitled to rebate of 10 cents on account of there being less hair to cut than on those with a full head of hair. By this means he argued, a shave and a hair cut would cost him the same old price, 40 cents. The barber believes in the motto of holding fast to the ground you stand on and the bald headed man had to pay the same price as a long haired poet.

NO AUTO ACCIDENT.

Roseburg Receives Report of Bad One On Coos Bay Road.

Somebody started a report in Roseburg this afternoon that an automobile en route to or from Coos Bay had run into a gulch near Bridge, killing the driver and injuring some passengers. The Roseburg News called up The Times to verify it but in inquiry on the long distance phone to Bridge revealed the fact that no accident had occurred near there. Later, it was admitted in Roseburg that there was nothing to the story.

THE COOS BAY MEAT COMPANY was organized for the wholesale meat business. In keeping with this idea they, today, close their retail market. As soon as the final arrangements now in progress have been perfected they will present to the county a strong and progressive wholesale business—will encourage a better class of cattle for this market. The growing city demands an up-to-date house in this line—much better for the country than to ship into this cattle-producing county dressed meat from other parts of the State.

Mr. Henry Holm, the present manager, has for a long time served the people with the best class of meat to be found in the market. He wishes to thank them, one and all, for their continued patronage, and their friendly conduct towards him.
