PRESIDENT TAFT IS GUEST OF CHICAGO PEOPLE TODAY

Fine Day, Fine Crowd, Fine
Ball Game and Fine Children Welcome Him.

WINDY CITY GIVES
HIM THE GLAD HAND

Two Thousand Police Detailed
to Protect Him During
Stay.

(By Associated Press.)
CHICAGO, Sept. 16.—President Taft smiling his appreciation at the vociferous welcome and flawless weather arrived here at 11:13 o'clock this morning. The dense crowd, restrained by perfect police arrangements, gathered at the temporary depot at Fifty-fifth street and stretched for fifteen miles along the route the president's auto was scheduled to travel.

Chicago started early today in its preparations to receive the president. The police school children and reception committees were abroad almost with the sun. The 150,000 school children who lined the road the president was to take on the trip through the southern part of the city, started for their posts shortly after the regular assembly hour. Each child wore a badge bearing the city's emblematic "I will" embracing a large "T" and carried an American flag. More than 2,000 police were used in the effort to protect the president. Aside from certain strike details, this is the largest assignment of police ever made in Chicago. There was a policeman practically every ten foot over which the president traveled. From one end of the city to the other the streets were decked in gala attire. Flags fluttered at every masthead and bunting and flags made the business blocks and sections of the residential districts a gay color. Taft lithographs, showing the famous smile, were in many windows. The west side baseball park where the president attended a game this afternoon between the New York and Chicago Nationals early became the mecca of crowds. The president refused to occupy a box and sat in the grand stand just behind the home bench's team.

Commander Peary Tells Sentimental Story of North Pole Search.

(By Associated Press.)
BATTLE HARBOR, Sept. 15 (via wireless to Cape Ray, N. F.).—Commander Robert E. Peary is still in Battle Harbor aboard the Roosevelt. He stated to a representative of the Associated Press today that the first flag thrown to the North Pole breeze was a silken American emblem presented by his wife fifteen years ago. He had carried the flag on every one of his expeditions north, leaving a piece of it at the highest point he attained each trip. The last remnants, he raised and left at the Pole. The explorer then raised the navy ensign, the flag of the navy league, then the flag of the Phi Delta Kappa Epsilon Fraternity, and finally a flag of peace. Tent poles and snow lances were used as flagstaffs and when all had been raised, the commander took several photographs of the group. Then he buried in a water tight box, wrapped in a water tight covering, various documents attesting his visit to the Pole.

COURTSHIP ENDS IN COURT

Nineteen Divorce Cases At Present Term of Court

—Five Granted.

(Special to The Times)
COQUILLE, Ore., Sept. 16.—Marriage is something of a failure in Coos county according to the records of the present term of court. There are nineteen cases of domestic infidelity reported in nineteen applications for divorce. It is rather remarkable with this large showing that there is not a single sensational case in the lot. The men and women who weary of their wedded bonds in Coos county just seem to be "quitters." They get tired, leave home and forget to come back. The majority of the cases specify "desertion" as the cause for complaint. Bandon has the record for the largest number of cases filed. Of the nineteen cases filed only five have been granted, the others not having been granted on the calendar or else continued for various causes. Those thus far granted are as follows:

Chas. H. Chandler vs. Artha Genia Chandler, both of Bandon, decree granted.

Paul J. McIntosh vs. Olive May McIntosh, of Bandon, decree granted.

Julius Rones vs. Lydia Rones of North Bend, decree granted.

Rebecca Stump vs. Geo. Stump of Marshfield, decree granted.

Lillian Curran vs. Horace A. Curren of Coquille, decree granted.
