Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia. Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removed the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

It is easy for you to prove Kodol—the next (or the first) time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

There can be no harm in trying something that may do you a great deal of good—when it costs you nothing if it doesn't.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good, and to but one in a family. The large bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is prepared at the Laboratories of E. C. DeWitt & Co., Chicago.

WORST FLOOD IN 20 YEARS

(Continued from page 1.)

A few had been removed by property owners prior to the freshet. They state that every ranch on Coos River was flooded, scarcely a half-acre of the bottom land in the valley escaped inundation.

Some driftwood had lodged against Dr. Tower's cottage, but did not damage it. The water got up into Herbert Lockhart's summer cottage.

The current in both Coos River and Isthmus Inlet is so strong that the gasoline launches can hardly ply against them and the danger from floating logs, etc., is great. Dr. E. Mings started up Coos River in the launch Telephone this morning, but finally had to give up and turn back.

This morning, the tide brought the water dangerously near the top of the wharves along Front street. Many claim that if the freshet had come at full moon, the bay would have spread out over the wharves.

Mail Two Days Late.

Word from Myrtle Point late this afternoon was to the effect that the mail due there yesterday—morning would not reach Myrtle Point from Roseburg until tonight. This will mean that it will be two days late into Marshfield.

Yesterday, this section received Sunday's mail.

Steamer Coos River Caught.

The steamer Coos River, which was moored to her dock at the Stephen-Rogers place on South Coos River, was caught by the flood last night and carried with the boat house down the river and is now in the jam of logs and driftwood in the cut-off channel. She lost her smokestack but it is not believed to have been badly damaged otherwise.

Many sheds and other stuff were swept away from the Rogers ranch.

Worst Storm in Twenty Years.

"This is the worst storm and the biggest freshet Coos county has known in twenty years," remarked Dr. J. T. McCormac in a reminiscent mood this morning. "It recalls the winter of 1890 when the water was so high that it swept everything out of Coos River and we went without mail for three months. We did not get any mail from about January 1 until April 1, and then the Arcadia brought tons and tons of it from San Francisco. J. W. Bennett and son, Tom, made a trip to Europe that year and the day before Christmas he wrote a letter to me from Charing Cross hotel in London. Mr. Bennett completed his visit and returned to Coos Bay and was here two months before I received the letter."

Save Logs.

A large force of men have been working almost continuously since early yesterday on the Coos River booms and it is believed that most of the logs have been saved. This afternoon, a pile driver is putting in some new piling to strengthen the sheer bottom near the mouth of Coos River. The mud flats on the eastside of the bay and north of the mouth of Coos River are covered with logs.

NORTH BEND NEWS

S. Edgar Stonecypher and Charles Smith of Eastside were here Sunday. H. Perkins will leave on the Eureka for Eureka, and from Eureka he will leave on a sailing boat for Africa.

Misses Signa and Selma Holmes of Marshfield, were guests Sunday of Ellen Anderson on Sherman avenue.

The Presbyterian Ladies' Aid Society will hold a business meeting at Mrs. Anna E. Brown's home on Sherman avenue, Wednesday, at 2:30 p. m.

Dan Shannon, who is holding revival services at the tabernacle, is drawing a full attendance. There is splendid singing and music. Services will be held every evening.

The W. C. T. U. will meet at the Methodist parsonage, Friday afternoon, this being a Mothers' meeting and the Superintendent, C. H. Walter, has arranged an interesting meeting. An address will be given by Rev. R. H. Pierson at the Methodist Episcopal church of North Bend.

Personal Notes

MRS. E. L. ROBERTS of Catching Inlet, is a Marshfield shopper today.

MRS. WM. LAWLOR is entertaining this afternoon for the Biographic Club.

MRS. J. L. FERREY Sr., is reported quite ill of the grip and tonsillitis.

PETER ROBERTSON, a well-known resident of Millington, is quite ill.

ELIJAH SMITH came up from Empire today to secure supplies for his Thanksgiving dinner.

CHAS. JOST and wife expect to leave on the Alliance for a short visit with relatives in Portland.

E. K. JONES is expected home today from an extended trip through the Willamette Valley and Southern Oregon.

REV. FATHER EDWARD DONNELLY is expected here from Portland this week to look after business matters.

P. M. HALL-LEWIS came down today from his poultry ranch on Catching Inlet. He reports that the high water has not done any damage in his vicinity.

J. A. SCHERZINGER of Eugene, and C. Justin Kennedy of Seattle, arrived here yesterday on business connected with mining property in which they are interested.

A. E. POLEXFEN has returned from a business trip to Portland and Seattle. He brought back some interesting views of Seattle, one taken in 1878 and one this year. The view of Seattle in 1878 shows a place that is a village beside what Marshfield is today, and Mr. Pollexfen says that Coos Bay will duplicate Seattle's growth in the next twenty-five years.
