SENATOR RAYNOR URGES THAT ZELAYA BE MADE PAY PENALTY

In Fiery Speech In Senate, He Characterizes Him As Arch-Fiend.

DECLARES AMERICA MUST AVENGE IT Does Not Think It Will Be Necessary to Declare War to Do It.

(By Associated Press.) WASHINGTON, D. C., Dec. 13.—Speaking of his resolution offered in the Senate Friday authorizing the President of the United States to take all necessary steps to apprehend President Zelaya and bring him to trial on the charge of murdering Groce and Cannon, the Americans recently executed in Nicaragua, Senator Rayner today addressed the Senate at length. Rayner's speech was stirring and in a denunciatory tone characterized with dramatic fervor was an unsparing arraignment of Zelaya who was designated as one of the criminals of the age. Of the president of Nicaragua Rayner said: "In the school of corruption, dishonesty and crime, he stands without a peer and exhibits in one glow of associated harmony the pride of every model and the perfection of every master."

Of the execution of Groce and Cannon, the speaker said, "This act was not only the act of a fiend but an insult to the honor of this republic and cannot remain unavenged. It is absolutely preposterous for us to talk about indemnity as indemnity is no recompense for murder. It is said we ought to declare war against Nicaragua, I think this is unnecessary. This government is a cowardly government. If it does not make an example of Zelaya before the eyes of the civilized world, this case does not admit of any trifling or concessions. If two Americans citizens have been murdered by Zelaya, then he must be made pay the penalty for his crime."

HOT TIME IN NORTH BEND

Campaign For Tomorrow's Election there Reaches Stage of Extreme Bitterness.

North Bend today is experiencing the most strenuous politics the city has known in its history. The municipal campaign there has reached the stage of extreme bitterness personal and even the boycott being injected into it, it is said.

Tonight, L. J. Simpson and his supporters will hold a big rally at Eckhoff hall. The Marshfield band has been engaged to lead a parade through the streets there and a large number from Marshfield will probably accompany the band to North Bend.

The Business Men's Association will also hold a rally at the Star theatre in North Bend. The Star has been throwing views on the screen there the past week boosting the Citizens' ticket.

Both sides are claiming the victory today. A big vote will be polled tomorrow and both sides are planning to keep close tab on the voters.

Meeting Saturday Night.

Saturday night, the North Bend Citizens' League held a big rally at the Star theatre. The seating capacity of 450 was inadequate, about one hundred standing up and fully two hundred being turned away. A free show was given prior to the speaking program.

A. H. Derbyshire was the principal speaker of the evening and is declared to have delivered one of the most effective campaign speeches ever heard in North Bend. After reading the provisions of the Oregon corrupt practise law which provides a penalty for parties circulating unsigned campaign literature, he roundly denounced the authors of the circulars that had been spread broadcast throughout North Bend. He said that only a coward and traitor would circulate such stuff without signing his name to it. He said that such actions were beneath the dignity of any law abiding and self respecting citizens. He said that of the men on the Business Men's ticket, he personally only had good words to say, but he said that he could not use language strong enough to express his disapproval of whoever had been responsible for the circulation of the dodgers, etc.

Mr. Derbyshire then presided as chairman and introduced Manley M. Strawn, Edgar McDaniel and J. G. Mullen who spoke briefly in behalf of the Citizens' ticket, setting forth what the candidates stood for.

Kinney Meeting.

Major L. D. Kinney continues to take an active part in the campaign. Saturday night he hired a hall there and delivered a speech in which he handed Peter Loggie and L. J. Simpson a few packages.

Rev. Dan Shannon has not been so active the last days as had been expected.

REVIVE TALK OF ARBITRATING SWITCHMEN'S BIG STRIKE

COQUILLE 0; MARSHFIELD 16

Local Independents Defeat Valley Independents at North Bend Sunday Afternoon.

By a score of 16 to 0, the Marshfield Independent football team yesterday defeated the Coquille Independents on the North Bend grounds. Both teams played a little ragged and at times, the Coquille aggression injected a little roughness not supposed to go in "debrutalized" football. Coquille played in hard luck, on two occasions. At the end of the first half, Coquille had the ball on Marshfield's five-yard line and would have probably scored a touchdown in a few minutes more of play. In the second half, they were within three yards of Marshfield's goal line when they lost the ball on the fluke, Jimmy Cowan securing it and carrying it back for a touchdown on the same play.

Art Blanchard kicked the only goal, Hansen missing two, Blanchard, Jimmy Cowan, Johnson and S. Briggs played the star game for Marshfield.

There was a small crowd at the game, the receipts being less than \$20. The weather overhead was bad but the ground was in fairly good condition. The light rain made the ball slippery and was responsible for several fumbles. Several changes were made in both lineups during the game.

The halves were thirty and twenty-five minutes. Jas Merchant was referee, O. W. Briggs, umpire, and Sam Marsden and C. C. Gompf linesmen. The lineups of the two teams were as follows:

(By Associated Press.) ST. PAUL, Dec. 13.—Members of the Brotherhood of Railroad Trainmen did not return to work today as was expected. It was decided to postpone action until tomorrow at the urgent request of President Hawley of the Switchmen's Union.

More talk of compromise is heard today. President Gompers, it is said, has recommended such a step to President Hawley of the Switchmen's Union. A member of the strike committee said the compromise being considered is on the following basis: Wages, three cents an hour increase instead of six; overtime, time and a half instead of double; holidays and Sundays to be included as overtime; age limit and physical examination to be modified to a limited extent instead of radical changes. Hawley declined to make a statement.
