CURED HAY FEVER

AND SUMMER COLD

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business, I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success."—RED CROSS Pharmacy, (John Preuss, Prop.)

Give Dance.—The Millicoma Club has issued invitations for a dancing party to be given at the club Friday evening.

Flour Lower.—Word was received here today that flour had declined twenty cents. This decline was not unexpected but is a welcome one to consumers.

Is Very Ill.—B. F. Ross, the well known Catching Inlet pioneer, who has been ailing for some time, is reported to be in a very critical condition today and little hope is held out for his recovery.

Eastern Star Entertains.—Dorle Chapter of the Eastern Star, will hold its annual social session following the business meeting this evening, the officers of the lodge being the hostesses.

School Buys Property.—The Eastside School District completed negotiations today for the purchase of the lot adjoining the present school from Mrs. C. L. Dam of San Francisco. The price paid was \$225. The school directors contemplate a number of improvements.

Many at Social.—The social given by the Ladies of St. Monica's Catholic church at the Redmen's hall last evening was largely attended and the evening proved a most enjoyable one. Cards were followed by refreshments and the balance of the evening devoted to dancing. At whist, Miss Edna Wieder and J. G. Mullen won the prizes.

Typographical Error.—The price of fruit is falling fast but not so fast as The Times printer would have it when he made the price of bananas 25c for two dozen instead of 36c as it was written in the copy for the advertisement of Lockhart's Grocery in last night's issue. Some of these days we may be raising bananas on Coos Bay but until then 35c for two dozen will probably be the low price for good bananas. The Times prints this that it may assume the responsibility for the error.

Met Wednesday.—The Evergreen Bridge Club will meet tomorrow with Mrs. F. P. Norton, the date of the meeting having been advanced on account of the reception to be tendered next Saturday afternoon by Mrs. Wm. Horstall. On Friday night, the members of the club will entertain their husbands at the home of Mrs. J. E. Lyons. A week from Saturday, Mrs. Henry Sengstacken will be at home to members of the club.

BRING that watch that won't run around to Carleton Jewelry Co. — MORRISSEY will fix it.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo O.
