HENRY M. HOYT PAYS HIGH TRIBUTE TO GLAVIS TODAY

Former United States' Attorney at Nome, Alaska, On Witness Stand.

PINCHOT-BALLINGER INQUIRY'S SURPRISE

Ballinger's Counsel Suddenly Terminates Examination of Glavis.

(By Associated Press.)

WASHINGTON, D. C., Feb. 19.—

Attorney Vertrees sprung a surprise this morning in the Ballinger-Pinchot hearing when he announced he did not care to cross-examine Glavis further.

When the committee adjourned late yesterday there was no indication that Glavis was approaching the end. He had not been questioned as to his many conversations with Ballinger especially the one in which Glavis declared Ballinger had asked him not to press the investigation of certain coal claimants until after 1908.

Hoyt was then called. He said he was United States attorney at Nome, Alaska, from 1904 to 1907. After that he was special assistant in the Department of Justice until he was appointed attorney general of Porto Rico.

Pays Tribute to Glavis.

The witness was questioned about the circumstances leading to his visit to the attorney general at the request of Glavis to protest against the Pierce interpretation of the Coal Land Act of 1908.

MAIL SERVICE IS TAKEN UP

Chamber of Commerce Writes Oregon Delegation About It.

The Marshfield Chamber of Commerce is keeping up a continuous campaign to secure a better mail service for this section and is keeping members of the Oregon delegation and the postoffice department informed of the delays and troubles incident to the present unsatisfactory service.

As we understand it the present route is being tried out as an experiment (results of which we show below), and we will ask you to intercede in our behalf and have the service changed from this route to the Coos Bay wagon road.

"Will you not unite with the other members of the delegation and urge upon the Postoffice Department the importance to us in changing this route?"

The statement below will show how and when the mail was carried. If the stage does not connect with the train, there is no other means used toward a delivery of that day's mail until the succeeding day.

KILLS THREE AND HIMSELF

George Stevens, Son of Alabama Mine Operator, Slays His Own Children.

(By Associated Press.)

BIRMINGHAM, Ala., Feb. 19.—

George Stevens, son of a prominent mine operator, shot and killed his three children, shot and fatally wounded a colored nurse and then shot and killed himself.

The nurse was dangerously but not fatally hurt. A ten year son escaped from the house. A note left by the father indicates it was premeditated. It said, "I'm to blame for it all." About 15 months ago, Stephens' wife died. Stephens was 38 years old and a railroad engineer.

TWELVE PRISONERS HURRIED TO PRISON

More Militia Assemble In Town and Order Is Rigidly Enforced.

(By Associated Press.)

CAIRO, Ill., Feb. 19.—

The grand jury investigation of Thursday night's riot began today. Sheriff Nellis declares he knows the identity of several members of the mob and that they will be compelled to testify before the grand jury. Surrounded by a hundred infantrymen, the twelve convicted prisoners who were sentenced yesterday by Judge William Butler to various terms in Chester prison, were hurried to the depot and out of town at five o'clock this morning to prison.

Among the prisoners were John Pratt, the negro purse snatcher, whose arrest resulted in the attempt to force the jail and lynch him yesterday morning as a result of which one in the mob was killed and four wounded. Last night passed quietly. Additional militiamen arrived today. The saloons have remained closed and order is being rigidly enforced.

APPROVE WORK OF DELEGATION

NORTH BEND COMMERCIAL CLUB

SENDS TELEGRAMS ABOUT

COOS BAY APPROPRIATION —

ALSO WANTS JETTY REPAIR-

ED.

At a meeting of the executive committee of the North Bend Commercial Club this afternoon, telegrams were ordered sent to the members of the Oregon delegation at Washington commending them for the appropriation secured for the improvement of Coos Bay. The telegrams also requested that in view of the fact that it would probably be some considerable time before the dredge could be placed in operation, an effort be made to secure an appropriation to repair the jetty. The telegrams were carefully worded so that they could be in no wise construed as opposing the views of the engineers and the delegation regarding the bar dredge.

The telegram of C. A. Smith printed in The Times yesterday has aroused considerable discussion and has resulted in some rather scorching denunciations of parties who would go to the extent of defeating any appropriation for Coos Bay at this time and for at least four years to come in order to uphold their opposition to the bar dredge.
