DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. This case out of you are caused by catarrh, which is nothing but an inflammation of the mucous lining of the Eustachian tube. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure, Send for circulars, free.

CURRY COUNTY NEWS.

Events There As Recorded By The Gold Beach Globe.

The Hare school district wants a pretty school marm. A few old bachelors live in this district.

The Myrtle Point mail carriers are having an awful time getting the mail through. They are going to purchase a mud scow.

F. H. Strain, while returning from Will Smith's on the evening of the 22nd where he went to phone to Dr. Mrua to find out how his wife was getting along, his horse went into a mud hole and he hasn't seen his horse since.

H. E. Merrill on the Clark & Dwyer place cut his foot badly and is losing quite a number of sheep, either by dogs or panther. H. B. Smith, who is interested in the sheep, is out there investigating. Harve says if it is panther, he has the dogs to get them, and if it is dogs, he is the boy to get them.

This afternoon at three o'clock, Judge Bailey said the few solemn words that united as husband and wife Christian H. Koerner and Mrs. Lydie Carey. The wedding took place at the bride's residence near the Cash Store, and was a quiet one, witnessed only by the immediate relatives of the bride, and a few invited guests. The bride was becomingly attired in gray silk poplin.

APPLES PAY WELL.

Fruit Growers Have Been Meeting to Effect a Settlement.

MYRTLE POINT, March 4.—The stockholders of the Coquille Valley Fruit Growers Association have been meeting in Myrtle Point this week to effect a settlement of the business transacted the past season and it was agreed that such settlement should be made by giving each shipper proportionate returns on each box of fruit shipped. It seems that one shipment that should amount to about \$1,600 has given no returns and if this could be collected the growers would receive very fair results from the season's business, but a settlement without this will greatly reduce the profits. The latter end of the season proved more profitable than the beginning the association having sent a representative to the market to look after its interest and if this method had been followed right through there is no doubt but that the association can finally work out a system that will bring results to its members if the members do not become discouraged. It is certain that by standing together they can get better results than by each one acting separately, otherwise there is nothing in the statement that "in union there is strength," and those who are anxious for the development of this section as a fruit growing country would be glad to see the members of the association remain true to it and make a larger profit the coming season.

ARE CLOSELY LINKED.

Mrs. John Kronenberg and Mrs. J. Parker Had Close Ties.

The Coquille Herald says: "Mrs. J. L. Kronenberg was up from Parkersburg yesterday to visit Mrs. John Kronenberg of this city, and celebrate her birthday with her. Mrs. Kronenberg's mother, the late Mrs. J. Parker, was an old-time friend of Mrs. Kronenberg Sr., and was born in the same country—Germany—the same day, and for many years they celebrated their birthdays together, and the young Mrs. Kronenberg came this time to, as nearly as possible, fill her mother's place. The two older ladies came to America about the same time and were early pioneers to Coos county. They had the same number of children, and Mrs. Kronenberg's eldest son became the husband of Mrs. Parker's eldest daughter, and it is hoped that Grandma Kronenberg may live to enjoy many more such occasions with her daughter-in-law."

OIL IN OCEAN.

A great many sea birds are now being washed up on the beach at Port Orford. An examination shows that they have been swimming in oil until their breast and body feathers are gummed together rendering them unable to dive under and through the breakers which kill and drown them. A year ago the beach below town was literally covered with a seam of oil. Either vessels have lost oil by leakage or accident, or extensive oil deposits exist near the coast. It might pay oil experts to look into the matter.—Port Orford Tribune.

NEWS FROM ALL OVER COOS COUNTY

NEWS OF COQUILLE.

Coos County Seat Events As Recorded By The Herald.

H. S. Davis, of Remote, is reported dangerously ill at a hospital in Roseburg.

W. Lee Ray returned home last week from Marshfield where he had been at the bedside of his sick mother, who has been sick for the past three months.

William Norris has sold his eighty acre place opposite Johnson's mill. Ben C. Shull, of the Myrtle Point section is the purchaser, and \$10,000 was the price.

Postmaster Linegar has received one hundred new lock boxes for the postoffice in this city which will relieve the demand for boxes which he has not been able to supply.

C. O. Dryden and family, arrived yesterday from their six-months' visit in California, which extended the length of the state, and they report having had a very nice time.

Mrs. J. W. Leneve returned last Friday from San Francisco where she had gone for medical treatment. Her eyes are very much improved and she is enjoying much better health.

John Rhodes, the engineer, went to Prosper Thursday and will take the engine room of the Lyons & Johnson mill. He worked for Mr. Johnson seven years ago, so he will just be renewing acquaintance at this time.

H. J. Peterson of Newberg, was a passenger to the Bay by Monday's train being on his return home from a visit with his parents, Mr. and Mrs. C. A. Peterson of Riverton. His father has been very ill for some little time, but is some better at present.

Rev. S. B. Hollenbeak will fill the pulpit at the Christian church next Sunday. Just twenty years ago on Sunday Mr. Hollenbeak organized this church and was the pastor for a number of years, and would enjoy meeting as many of the old friends as possible, as well as many new ones.

Mrs. J. C. Watson of near this city, has received the sad news of the death of her mother, Mrs. Amanda C. Schweers, which occurred at the home of the deceased's son, H. T. Schweers at Petaluma, Cal., February 19. Mrs. Schweers was an early pioneer to Coos county, with her husband, Rihardt Schweers, opening the farm on Cunningham now occupied by Mr. and Mrs. Watson.

D. D. Pierce, who recently resigned from his position as keeper of the lumber yard, which was conducted near the depot by Johnson's mill, started for San Francisco Saturday, going to Bandon to take the Fifield. He goes for the Aasen Bros., now operating the mill of the Coquille Mill & Mercantile Company at this city. Mr. Pierce will look to the interests of Messrs. Aasen in the San Francisco markets.

A recent letter received by a friend in this city from Mrs. Joseph Stewart, formerly Mrs. T. J. Little, of this city, conveys the sad intelligence of the death of her husband, Joseph Stewart, which occurred at their winter home at Turlock, Cal. Mr. Stewart received a severe fall some weeks ago from which it seems he did not recover. The many friends of Mrs. Stewart, of this section, will be very sorry to learn of her great trouble.

W. S. Jess, the present owner of the old Gilman place near Johnson's mill, is now engaged in building himself a new farm home on the place. He was in town Saturday for a wagon load of shingles, having the building far enough along to put on the roof. Mr. Jess says he is going to have the nicest home between Coquille and Myrtle Point. He recently received a sum of money from the estate of his father and concluded that was the best use to which he could put it.

Prof. S. S. Darnell, a former teacher in this county, arrived in town Saturday from Umatilla county where he has resided for some years past. He passed through to Riverton where he joined Mrs. Darnell, who has been visiting her parents, Mr. and Mrs.

MYRTLE POINT POINTERS.

Upper Coquille News As Told By The Enterprise.

Wm. Pierce, who left here several years ago and has been living at Pasadena, California, arrived here Tuesday to look after his property interests up the Middle Fork. He may decide to return to Coos county.

The Home Telephone Company of Marshfield has a force of men at work at Myrtle Point this week attaching phone lines to the cables that were installed here some time ago.

John F. Felsler, a nephew of Capt. John Felsler of this place arrived here Tuesday to make this his home. He comes from Poland, Russia, and does not speak the English language.

The local central office of the Coquille Valley Farmers Telephone Company, was opened up Monday morning and since then the subscribers on the exchange have been receiving service. Miss Vera Talbot is in charge of the office as manager, and is being assisted by Miss Kate Farber. A day and night service will be given. The exchange opens with all of the farmers lines but one in the company and about forty phones have been installed in town, some of the business houses maintaining both phones.

Mrs. Sarah Bryant, mother of H. C. Bryant of Bridge and grandmother of George Bryant of this city, arrived Tuesday from San Francisco. She has not seen her son or his family for some 17 years. She was accompanied by her daughter, Mrs. Wagner, who was compelled to return to the city on the same boat because of illness in her family.

J. L. Knight of the Upper Catching Creek country brought in some Jonathan apples last week grown on Indian Prairie at an elevation of 400 feet that showed good possibilities for that section as an apple country. The apples are nicely colored and have kept through the winter finely. Mr. Knight says that the Bellflower apples also show fine results there.

STAMP DATES ON EGGS.

Farmers, if you want to make a reputation for your hens and make money for yourself, just watch the flock and every time a hen cackles get out your rubber stamp, run to the barn, secure the egg and stamp the date of the appearance in the nest of the egg. Over in Canada, where things are supposed to be cheaper, eggs with the dates stamped on them are selling for 60 cents per dozen. The unstamped eggs which are sold merely as "fresh" bring 15 cents less per dozen, and then follow the other grades, "good eggs" and just plain "eggs." The last grade, of course, will be purchased only by the man who never thinks when he sits at a table and orders his dinner. He can call for hash in a restaurant where the order is not backed with confidence in the management of the kitchen, and eat in comparatively comfort, but the majority of people want to know what they are eating, and they want stamped and certified eggs and hash with a notary's seal attached. The man who is in the hen business and knows what he is doing ought to get along fairly well these days.

Joe Ferry, since August. Mrs. Darnell purchased a ten or fifteen-acre tract of land near Myrtle Point last fall and they will make that their home in the future. Mr. Darnell tells us that the ground was covered with 36 inches of snow when he left Umatilla, and while it looked so very different down here, he was not so sure that he would like the change.

Charles Lyons, a well-known resident of the Coquille valley, departed this life on Saturday, February 26, 1910, aged about 75 years, at Bandon, where he had made his home for some months. Mr. Lyons got a fall from one of the elevated streets of that place, fracturing several ribs some weeks ago, since which he has been confined to his room, and it is supposed that death was due to internal injuries. The deceased is survived by two sons, Charles Lyons, now residing in Honolulu, and Harry Lyons, of California, the latter of whom paid him a visit a month ago. He was a brother of the late James A. Lyons, who for a number of years owned and conducted the saw mill in this city.
