To San Pedro.—The Nann Smith will sail Wednesday or Thursday for San Pedro instead of Bay Point. This is her first trip there in several months. She will take out about \$90,000 feet of lumber. Owing to the big cargo, the slings could not be used in loading this time, and it takes longer.

To Open School.—Mother Agnes of Portland is expected here within a couple of weeks to make final arrangements for opening the new Catholic boarding school on the Oren property this fall. She expects to spend three months or so here directing the work. For the next few months, General Manager Smeaton of the C. A. Smith mill will occupy the home with his family.

Sunday Violator.—While Sheriff Gage, Marshal Carter and Night-watch Shupe were holding a conference in the Marshal's office at the City Hall Sunday, they saw John Jones, a logger, secure a bottle of liquor from the bartender at Tom Madden's saloon, the liquor being delivered through the rear door. Sheriff Gage immediately apprehended the

guilty parties, took the liquor and told Mr. Madden that he would have to answer to Deputy Prosecuting Attorney Liljeqvist for violating the Sunday closing law.

MRS. McLEOD'S STATEMENT.

To the Editor: I beg space in your publication to correct an article published in your paper of Saturday last, entitled: "Trouble Over Street.—Differences between city and Mrs. McLeod may delay work."
You say "J. W. Bennett, acting for Mrs. Frances McLeod, sought to stop the improvement of North Second street," etc.

The fact is that Mrs. McLeod does not own any property or have any share in any real estate on this street, therefore has no interest in this work except as a taxpayer in this city. Of the number of statements made in this item there is not one scintilla of truth in any of the assertions and this fact was no doubt well known by the party who furnished you the item.

J. W. Bennett is not acting for Mrs. McLeod in the North Second street matter. She has no interests there. Mr. Bennett also says that he had no conversation with anyone in regard to the matter as published by you.

The statement regarding the \$400 is also incorrect, and carries with it about as much truth as the rest of the article.

M. A. McLEOD.
