**Want Ad will sell it for you**

## NEW CAMP IS FORMED

Sons of Veterans Are Organized in Coquille.

Colonel E. D. Baker Camp, Sons of Veterans, of Coquille, was instituted at the W. O. W. hall with a charter membership of thirty-seven. C. B. Zeek of Bandon, assisted by the local G. A. R. post conducted the ceremonies of institution in a very impressive manner. Twenty-two members of the new camp were present Monday evening and were instructed in the principles of the new order by Mr. Zeek. They then took the obligation of the order which was administered by Chaplain Quick of the G. A. R. Post.

The new camp then proceeded to the election of its officers for the balance of the year. The election resulted as follows: Ned C. Kelley, Commander; C. R. Willard, Jr., Senior Vice Commander; R. B. Rodgers, Junior Vice Commander; C. W. Hill, Chaplain; J. C. Savage, Secretary; E. A. McDuffee, Treasurer; J. S. Barton, Oscar Nosler and Joseph Peart, Camp Council; G. A. Gage, and Dr. C. W. Endicott delegate and alternate to the Oakland, California, encampment which will be held next month.

The following appointive officers were also filled by the newly elected Commander: J. E. Quick, Patriotic Instructor; E. Wickman, Guide; Irvin Custer, Inner Guard; C. Harlocker, Outer Guard; Elmer Willard, Color Bearer. The officers were thereupon duly installed by Mr. Zeek.

A banquet having been prepared in honor of the occasion by the Ladies of the Relief Corps, the session was adjourned at this point to take up the discussion at a later hour. Nearly one hundred of the members

of the Post, Relief Corps, and newly made Sons of Veterans sat down to the banquet table which was spread with the good taste and judgment usually displayed by these bounteous providers. After the banquet a social hour was spent.—Coquille Sentinel.

### ASK NEW CONTRACT.

Bandon City Council Negotiates With Water Company.

The City Council met in regular session Tuesday evening with all members present, and Mayor Gallier in the chair. After the reading of the minutes of the previous meeting, the business of the evening was opened in earnest. The proposition of the Bandon Light and Water Co. was taken up and the ordinance read. This ordinance provides that the city enter into a contract with the company for five years, paying \$2.00 a hydrant per month for water, and \$2.50 for the fire engine. At the present time this would mean \$32.50 a month. At the end of the five years the city is privileged to take over the plant at an amount which the earnings of the previous year would be 8 per cent. For instance, if the net earnings were \$1,000, then the price of the plant would be \$12,000; however, the city is not under obligation to take the plant unless it sees fit to do so. The company must also furnish a 55 pound pressure on First street, and whenever the pressure is less than that, then the amount in proportion will be deducted from the price per hydrant. "This ordinance met with objection among some of the councilmen, but was passed to the first reading and will come up again at the next meeting.—Bandon Recorder.

### ECHO CLEANS UP.

Women Take Charge of Beautifying the City.

ECHO, Ore., March 21.—Echo is

now one of the cleanest towns in Oregon. The women of the Needlecraft Society had a "tag day" to raise funds for the cleaning up, and as a result two days were given over to the scrubbing brigades. The women wore uniforms of blue calico gowns and each had a deputy marshal's star. Men and teams were set at work and the process is not yet finished. Before the furbishing is done trees will be planted along the road from the railroad station to the Umatilla river. Merchants and other business men are encouraging the movement.

### OPEN NEW CAMP

Aasen Brothers Begin Logging on Rink Creek.

Aasen Brothers opened up their Rink Creek logging camp last week and began active operations in the way of falling timber and hauling logs. The timber fallers began their work the middle of the week but the hauling was not begun in earnest until Monday.

The company has purchased one hundred and sixty acres of timber on the hills above Rink Creek and have several other good pieces of timber in view in this section. They are operating a crew of about twenty men and the crew will be increased as the work progresses.

This company is also operating a logging crew on the North Fork of the Coquille and are taking out many logs from that section daily. Their holdings there, however, consist of only a few scattering sections which will be cleared up in the course of the next two or three months. When they close down the North Fork camp the possibilities are that they will put the entire crew at work on their holdings on Rink Creek.—Coquille Sentinel.

EASTER NOVELTIES and CARDS at the COOS BAY CASH STORE.

HEY there! HAY at HAINES.

## BUILDS LONG BOARD WALK

Bandon to Construct Walk From Town to Beach.

Besides the projects of industry that were taken up, a number of suggestions for the improvement and beautifying of the city were made at the last session of the Commercial Club. The committee in charge of the sidewalk to the beach was ordered to go ahead with the work as enough money had already been raised to give the work a good start and in this connection it would be very wrong to allow the fact to go unnoticed that the Ladies' Art Club of Bandon had contributed \$100 toward the sidewalk. The Art Club is made up of a number of Bandon's energetic ladies who are always willing to help in any way that will beautify the city, and it is largely due to their assistance that the sidewalk to the beach proposition was taken up. The matter of opening First street was also further discussed and the committee announced that they had secured a large number of signatures to the petition and would put it up to the city council in the near future.—Bandon Recorder.
