NEW BUILDING IN NORTH BEND

North Bend Hardware & Supply Company to Erect Warehouse There.

The North Bend Hardware and Supply Company is arranging for the erection of a new warehouse in North Bend, near the site of the old woolen mill which was destroyed by fire a year or so ago. Part of the material is now on the ground and the erection of the building will be rushed.

J. R. Smith, head of the company, announced yesterday that the new building will be about 75x130 feet. This will not only afford them ample room, but will provide for several new departments which they are planning to add to the business, including a line of logging materials.

P. N. Reberg recently disposed of his interest in the business to J. W. Gardner, and the latter will give much of his time to the business.

Mr. Smith will leave shortly for San Francisco and Portland to arrange for the new lines and will have everything in readiness by the time the new building is completed.

There has been some talk to the effect that the company might open a branch house in Marshfield, but Mr. Smith would not talk about it.

Catches Thief.—This morning Marshal Carter arrested Dudley E. Eldred, a recent arrival here, for the theft of \$1.85 from Mrs. Helen Tutley, who conducts the Breakwater Hotel, where Eldred has been stopping. According to Mrs. Tutley's statement, Eldred slipped into her room this morning and took the change from her purse. He had spent most of it when apprehended. Marshal Carter called up Deputy Prosecuting Attorney Liljeqvist at Coquille, and the latter did not think the case was sufficient for him to go to the expense of coming here to prosecute Eldred and Marshal Carter finally turned Eldred over to Sheriff Gage.

A NEW STANDARD IN BAKING POWDER

Has been set by the jury of awards at the World's Fair 1909 when **CRESCENT BAKING POWDER** received the **HIGHEST AWARD**

Because this decision was made only after thorough tests and experiments had been made over all other Baking Powders.

What does this mean to the housewife?

It means that she is no longer deceived by the claims of the Cream of Tartar Baking Powder Trust who charge 40 and 50 cents for an inferior product.

Yes and it means infinitely more. For by using the modern "CRESCENT" (Egg-Phosphate) Powder, which sells for 25 cents per pound, the result is more and better work, saving on eggs and a reduction in the cost of living.
