The Normal School question is
fairly before the voters by the In-
itiative Bill for Monmouth, framed by
her Alumni. This separates it wholly
from politics, and gives the vot-
ers a fair chance to express their
choice. Schools are a necessity—we
must educate the boys and girls—and
we must have teachers, the Normal
School is the place to train and pre-
pare these. Vote Yes, for Monmouth.

**NEW SCHEDULE
ABOUT MAY 1**

General Manager Millis An-
nounces it For Time When
Breakwater Returns.

General Manager C. J. Millis to-
day announced that just as soon as
the Breakwater returns from San
Francisco where she has been under-
going a general overhauling, the com-
pany will institute the five days sched-
ule between Portland and Coos Bay.
The Breakwater is now expected to
be back on the run on or about
May 1. The fast schedule would be
started sooner only if it is a little doubt-
ful whether the Ramona could make
it, not being equipped to handle
freight so rapidly as the Breakwater
and not being able to make the speed that
the Breakwater does.
"If it is our intention to show the
people of Coos Bay that we will en-
deavor to give the best service that
the business possibly warrants," said
Mr. Millis. "With the new schedule
we believe we will be able to give this
section as good a service as it ever
enjoyed."

PRESIDENT SMITH WILL RETIRE

Head of the Later Day Saints
to Abdicate in Favor of His
Son Owing to Advanced
Years.

(By Associated Press.)
KANSAS CITY, April 9.—Rumors
that Joseph Smith president and pro-

phet of the reorganized Church of
Jesus Christ or the Latter Day Saints
will abdicate in favor of his son,
Frederick M. Smith, are current here
where the annual conference of the
church is in session. President
Smith is 78 years of age and the
cares of the office hang heavily upon
him.

was burned to death and a four
year old son fatally burned in a

**FREE BUS TO
BE ABOLISHED**

Marshfield Hotel Men Will Not
Furnish Free Rides
Any More

At a meeting of proprietors of the
hotels in Marshfield this morning, it
was agreed to abolish the free bus
service which they have been provid-
ing for their patrons between the
depot and steamship offices and the
hotels. The change will be made im-
mediately.
Henceforth, the bus lines will be
conducted by private parties and
while they will meet the trains and
boats as usual and furnish transpor-
tation to the hotels and any part of
the city, the recipient of the service
will have to pay for it.
The free bus system was discard-
ed in most cities sometime ago and
the Marshfield hotel men are among
the last to fall in line. Ofttimes, the
number of passengers is very small
and the cost of maintaining the ser-
vice is too great in addition to the
general increase in expenses which
the hotel men have encountered in
the last year or so.

FIND BIG "D" NOT A BAD WORD.

NEW YORK, April 8.—According
to the verdict brought in by six men
sitting as a jury before Justice of the
Peace Belethe of Morristown, N. J.,
"damn" is not an oath or "swear
word" such as is prohibited by the
vice and immoral act of New Jersey.
Surrogate David Young, who was on
trial for saying Mrs. Nellie Fitzher-
bert of Dover "talked like a damn
fool," acknowledged he had used the
expression but his counsel insisted
that such an expression was not
swearing. The jury yesterday agreed
with him and acquitted Young.

ARE INVESTIGATED

Evidence Taken Concerning
Glavis' Appropriation of
The Documents.

(By Associated Press.)
WASHINGTON, D. C., April 8.—
The Ballinger-Pinchot committee de-
vised further today into the history of
the disappearance and discovery of
twenty-four letters found missing
from the Seattle land office subse-
quent to the dismissal of Glavis from
service. It is alleged that Glavis
concealed the letters and that they
afterwards were found in his effects
in Seattle. Under the complaint
Attorney Brandeis for the prosecu-
tion committee directed that Sec. Bal-
linger be notified to produce all pa-
pers called for by the committee with
'all due speed.' This was done over

Western Union's Line Between
Coos Bay and Roseberg
Out of Commission.

The Western Union's line between
Roseberg and Marshfield has been out
of commission the greater part of
the time today. Yesterday it bothered
considerable and caused considerable
delay. However, all day long it
has been serviceable only about
thirty minutes and then by fitful
spells.

In consequence, The Times' press
report yesterday was delayed and only
a small portion of today's report
received. Manager Schetter hopes
to restore service soon.

PROGRESS IN OREGON.

Changes and Improvements In Var-
ious Sections.

PORTLAND, Ore., April 8.—It is
expected to complete the jetty at the
mouth of the Columbia River this
season. Work starts today on ex-
tending it further and the dredge
Chinook will operate on the bar
during the summer. By the time the
work stops in November, it is expect-
ed to have a depth of 30 feet on
the bar at low tide.

One of the big wheat farms of
the state was sold the past week
when the lands of the J. A. Wool-
ery estate, in Morrow county, passed
to a syndicate of North Dakota
bankers. The sale included 19,000
acres and the price paid was \$150,-
000. It will be cut up into small
farms.

The purchase of a big tract of
timber land on the Siuslaw River
during the past week by Porter Bros.
believed to represent J. J. Hill,
strengthens the belief that the east
and west line across Oregon will be
built.

The biggest shipment of spraying
materials ever sent to any fruit dis-
trict in Oregon was received during
the past week at Medford, when 90,-
000 pounds arrived. It will be used
to fight fruit pests in the Rogue Riv-
er Valley.

The tax statement of Umatilla Co.
for 1909 almost reaches the half
million mark. The county has no
