### COOS COUNTY BOY'S SUCCESS.

"During my recent trip through California," remarked Joseph Nay, of Port Orford, "I visited J. A. Yoakam, a former Coos county boy who is now located at Gridley, on the Feather river. He is engaged in real estate and ranching and has made a big business success. He is the owner of 440 acres of fine farming land on the Feather river. Every foot of his farm is tillable and land there is selling from \$250 to \$500 per acre. "Jap" Yoakam has many friends who will be pleased to learn of his success, I am sure. The Feather river country is fine and one has to go there and see it as I did to appreciate it. I cannot describe it." Mr. Nay leaves tomorrow for his country home near Port Orford.

## R&G CORSETS

Model B67  
is very popular.

We do not employ a special solicitor because we think it is better to put the money into the work, for after all, a satisfied customer is the best advertisement a business can have

It is easy to scatter printers' ink and send around solicitors, but "delivering the goods" is the item of supreme importance, and all our energies are put forth to "deliver the goods". The measure of our success is evidenced by the increasing volume of our business.

A finishing room 20x55 feet has just been added with all the necessary equipment, thus removing all the starch work from the dampness and dust of the main building, and it enables us to turn out such work as never before was possible on Coos Bay.

In connection with our regular laundry business, we conduct a Dry Cleaning, Dyeing and Pressing Department, and necessary machinery and appliances will be added from time to time as business in this department justifies. Let us show you what we can do in this line.
