Murder Case Is Continued

Linc. W. W. Joye Arrives to Investigate Actions at Christina Disaster.

Lincoln, W. W. Joyes of the United States Department of Labor, arrived here today to investigate the actions of the Christina firemen who, it was alleged, failed to save 15 Negro killed April 25 by an explosion at the Southern Pacific railroad's Bailey yards, said to have been caused by the explosion of a dynamite charge used in blasting a trench in the track. This announcement was made when Joye arrived reached New Orleans in the southbound train and hastened to a hall and library for a hearing and investigation. The inspector of the Bureau of Labor and Industrial Relations will report to Joye the whole picture of the blaze. It is reported that since the explosion the Christina firemen have been charged with negligence and inhuman treatment of the Negroes. Joye arrived this morning, but was forced to delay his inspection until this afternoon because of the meeting of the legislature. The inspection will extend for several days, or longer if necessary, until the legislature adjourns.
