# NEWS FROM ALL OVER COOS COUNTY

### MYRTLE POINT POINTERS.

News of Upper Coquille Valley as Told by the Enterprise.

W. C. Guerin, Alex Hattle and Art. Bigelow left Saturday for Seattle where they will join the Alaskan boundary survey commission and proceed to Alaska for their summer's work. Their headquarters this season will be at Eagle, Alaska, and their work will be north along the Yukon river toward Porcupine river, and from there toward the Arctic ocean.

Mr. Henry S. Miller, son of Mr and Mrs. J. S. Miller, formerly of this city but now of Ashland, and Miss Effie M. Lindsay, daughter of C. H. Lindsay, were united in marriage Wednesday evening, April 13, at the home of the bride's parents in Ashland, in the presence of about twenty-five relatives.

Len Braden's team became frightened near his home Tuesday and ran away, turning south on Fourth street and dashing through the fence and down the hill at the end of the street. The wagon to which they were attached was badly broken up before they broke loose. One of the animals ran over R. C. Dement, who was trying to catch it and was knocked down but fortunately was not injured. This is the second time within a few days that the team has gone on a tear. Mr. Braden stayed with his horses during most of their wild trip and escaped being injured.

The Covina, California, Argus of recent date gives an extended account of the death of Miss Mary Elizabeth Anderson, a sister of Mrs. C. H. Barklow of this place, and who lived here with her parents some 18 or 20 years ago.

Mrs. J. C. Roberts left Monday for Portland, being taken to Roseburg in the private conveyance of J. D. Barklow. She will visit with relatives and friends until Mr. Roberts completes his census contract, when he will join her.

At a special meeting of the city council Wednesday night, Engineer E. L. Robinson of Marshfield was engaged to do the engineering work on the city waterworks system. He left for Marshfield Thursday and proposed to return immediately with his instruments and equipments.

Miss Anona Ray, daughter of Mr. and Mrs. W. L. Ray of this place, was operated on at the Home hospital at Marshfield Sunday for the removal of a piece of bone from the skull back of the ear. The patient has been getting along nicely since.

L. C. Travis who had a half interest in the bottom land recently sold to Joseph Hay, expects to leave on the next Fifield for Pawpaw, Mich., which was his former home. He has held a position as pharmacist at Coquille during the winter.

### KILLS LARGE PANTHER.

Ped. Hatcher Gets a Varmint Close to Myrtle Point With a 22 Rifle.

Ped Hatcher came in Tuesday morning with a yearling female panther which he had killed on Sugarloaf mountain, just east of town, Monday evening. The brute measured 5 feet, 9 inches from nos to tip of tail. Its trail was taken by the dogs just beyond the Snyder cabin and followed to the Bartell place where the brute was treed in a fir about 70 feet above the ground. Hatcher had only a 22-caliber Winchester, but went after the game, shooting it through the neck and it came down to the ground like a stone, but was much alive when it struck and gave the dogs a merry whirl until it was dispatched with another bullet and a blow on the head. The remarkable feature is that the animal was killed so close to town, it having been some years since any was killed as near by. Mr. Hatcher will probably realize about \$30, county and state bounty being \$20 and the skin being worth another \$10.—Myrtle Point Enterprise.

### CULLINGS OF COQUILLE.

Coos County Seat News as Told by The Herald.

Rev. Chas. Wilson Higgins, of Langlois, Curry county, passed through this city Friday on his return from Oakland, where he had been in attendance of the annual Presbytery.

W. F. McDaniel the contractor, passed through this city from Bandon en route to Roseburg Monday, where

he will spend the summer. Mrs. McDaniel is now in California.

W. T. Shuck is carrying his left hand in a bandage and splints, the result of a mislick with an ax one day last week while splitting wood. One finger was nearly severed, the bone being cut in two.

E. L. Spalding is in receipt of word from his wife, who is at Mercy hospital, North Bend, that she is not yet sufficiently strong to undergo the operation necessary for permanent relief.

John Miller who has been employed in the offices of the United Railroads, of San Francisco for several years, returned home Monday. He and his younger brother, Alfred, have leased the dairy farm of their father, S. J. Miller of Cunningham, and will conduct the place in the future.

G. T. Moulton, who was appointed census taker for the east precinct of Coquille, was taken with a gripe and was obliged to resign. J. B. Sneddon, who received the appointment for the west precinct, will take care of the work in both. He is getting along nicely.

C. W. White, a former resident in this city, who went to California a year ago, returned Saturday and will again hold a position with Mr. Morse at the electric light plant at Johnson's mill. Mr. White brings with him a wife, formerly Miss Blanch Fair, of near Portland. His parents were at Lodi, California, when he last heard from them.

Died—At the home of her son, G. C. Welch, at Lampa, Oregon, April 20th, 1910, Mrs. Martha R. Welch, aged 92 years, 2 months and 8 days. The burial took place at the Lampa cemetery, the services being conducted by Rev. S. B. Hollenbeck, of this city.

Charles Johnson of Myrtle Point, passed through town Friday on his way home from an extended visit in the North Yakima section of the state of Washington, having spent the winter with his brothers, W. T. and J. M. Johnson, and sister, Mrs. J. C. Dean.

## LITTLE TALKS ABOUT TOWN

### A GRIST OF COOS BAY GOS-SIP GATHERED HERE AND THERE ABOUT THINGS OF PASSING INTEREST.

"I think that J. J. Hill ought to be invited to come to Coos Bay for his little fishing expedition" remarked A. T. Haines as he was relating an eastern dispatch in

which the railroad magnate was quoted as saying his present western trip is for a little outing and fishing. "He can travel a long ways before he will find fishing that equal the sport that Ten Mile lakes afford. I have suggested to Dave Stafford and some other fishermen that they ought to wire him that the fishing is fine here and invite him down. Incidentally we might catch a railroad while he was landing a few of those trout."

"I have the reputation of being a pretty good estimator of population" remarked J. F. Jordan of the R. L. Polk Directory Co. who is in Marshfield this week. "I have made it sort of a study as I go from town to town and I am pretty confident that I can estimate within a few hundred of the number of inhabitants after looking a town over. I am nearly always a trifle low. After looking Marshfield over, I have concluded that there are about 5,400 people here. Just wait until the census figures are given out and remember my estimate and see if it isn't surprisingly close."

### HIGH SCHOOL NEWS.

The following petition was presented to the Marshfield School Board and will be brought up at the next meeting of that body. It was signed by fifty-two of the High School students or about three-fourths of those in attendance:  
To the Marshfield School Board, Gentlemen:

Whereas: Supt. Golden has been for about twenty years connected with the Marshfield Public Schools, giving to them his efforts, his hopes, his energies and his very life, so that they might be an honor to this community and so that they might take a place among the first in rank in this state as well as in the entire west.

Whereas: He has succeeded in this work so that today the Marshfield schools have been paid high tribute by our State Supt., as well as by many other men who are interested in school work in this part of the country.

Whereas: Those students who have graduated from these schools have always stood, as the very highest, in the various schools of higher learning which they have attended, showing that their foundations stood upon solid learning.

Whereas: Supt. Golden has always proven himself to be a teacher of exceptional qualities.

Whereas: He is now teaching classes in Physics and Mathematics which would require another teacher at a good salary, were he not taking charge of them, as well as fulfilling the office of Supt. of Schools.

Whereas: We who have been in a position to judge as to whether or not he is competent to hold the position he now occupies, whether his methods are or are not up to the standard of other schools, and whether he is or is not fitted for the position he now holds, do hereby make known to you that Supt. Golden stands among the best we have ever had, as a teacher, that his judgment and supervision has at all times been complimentary to him, so far as we know, and that he has our admiration and our confidence.

Therefore: We, the undersigned students of the Marshfield High School, do hereby petition you to re-appoint him to the highest position which exists in our public schools.

### AMENDMENT IS CARRIED.

Insurgents and Democrats Amend Railroad Bill.

(By Associated Press.)  
WASHINGTON, D. C., April 25.—The physical valuation of railways provided for by an amendment to the railroad bill offered by Madden of Illinois was adopted by the House today by a vote of 130 to 67. Democrats voted for the amendment as a unit and while the republican insurgents and many others of the majority joined them.
