

Is Your Coat Front Broken?

If it is, it's a sign there is something wrong with the framework of your coat--the part you can't see.

All of our coat fronts are trussed like a bridge. The shape is BUILT IN--not pressed in. It's a part of the coat itself--it can't break--it's there to stay.

This is only one of the strong points covered by our guarantee, and only one of the many examples of honest workmanship that make our MILL-TO-MAN CLOTHES such unusual values at

BORN.

ADELSPERGER—To Mr. and Mrs. A. E. Adelsperger, at their home in South Marshfield, Thursday May 12, 1910, a daughter.

Mother and child are doing well and the proud father is wearing a smile that would make President Taft look like a mourner at the obsequies of a Chinese Emperor. He was out early this morning looking for the census enumerator, which gives him a seat at the head of the table as a Coos Bay booster as well as a happy father. He has been kept busy today receiving the congratulations of his hosts of friends.

In Washington—Andrew J. Hall, a brother of Judge Hall and Tom Hall has located at Natches, Wash.

Is Hurt—Mrs. Emma Prescott of Ten Mile was accidentally shot in the foot yesterday. While the injury is a painful one, it will not leave any permanent ill effects.

Unlucky Day—A double hoodoo hovers over today because it has all the ill luck of Friday and thirteen combined, it being Friday, May 13. If you have any bad luck, lay it on to this instead of blaming Halley's comet.

Many Rumors—Many railroad rumors concerning the Drain line are afloat today. One has it that work is to begin within a few days and another that the machinery there is to be removed and that route abandoned for the Eugene route. Nothing official can be obtained so the rumors must remain rumors.

Chandler Building—W. S. Chandler writes that the brick and material for his new building has been shipped on a tramp schooner for Coos Bay and should reach here soon. Application for the use of the streets and a building permit has been made and the building will be rushed to completion. The Coos Bay Gas & Electric company has leased a good portion of the lower floor including the corner of Central and Second street.

BRANCH IS FORMED.

Coquille Agriculturists Join The Farmers' Union.

The Coquille Herald says: "On Saturday State Organizer Hill of the Farmers' Educational and Co-operative Union of America organized a Union in Coquille. This is the second Union he has organized in the Valley, and he thinks he will be able to reach the five in the county necessary to entitle us to a county organization, before he will be obliged to leave this section.

Following are the officers elected for this Union: W. L. Kistner, president; D. F. Dean, vice-president; Frank Willard, secretary; E. A. Howey, chaplain; C. A. Pendleton, doorkeeper; George Gilman, conductor.

REPRESENTED EXCLUSIVELY BY US
Magnés & Matson

What's the Use of Repentance?

of your sins of omission or commission after your victim is dead?
When he is a live one is the time to think about him.
What good does it do a poor dead laundryman for you to say, "I am sorry but I sent my laundry to the "Chinks." Not because I thought it was right, but we sort of got in the habit of it and did not realize that we had a better place to get our laundry done."
To begin with, they cannot approach us in the quality of our men's work, and our price is no more. In the ladies' work, they beat us in price, because their time is worth but little, while we pay white women experts twenty cents an hour.
As to flat work; just stick your "smeller" into a bundle of sheets and slips done by a chink, remember the smell, then send them to us, and after you get them back, repeat the performance, and if there is not a large difference to our credit, the bundle is yours without charge.
