

W. C. T. U. NEWS.

Alcohol, as a detriment to mental development, is rapidly coming under the ban of the leading educational institutions of the country.

That commercial travellers do not consider license an aid to business prosperity, is evidenced by the fact that sixty-two travelling salesmen of the city of Rockford, Ill., signed a petition for no-license.

Do you remember what the old doctor in Robert Chambers' story, "The Danger Line," said to the young clubman? This was it: "Alcohol is poison, and it has not and never had in any guise the slightest compensating value for internal use. It isn't food. It's poison. It isn't an aid to digestion. It is a poison. It isn't a life saver. It is a life taker. It is a parasite, forger, thief, liar, brutalizer, murderer! There isn't and there never has been one word to say for it, or any excuse except morbid predisposition or self-inculcated inclination for swallowing it!"

About six hundred thousand meetings have been held the last year under W. C. T. U. auspices, or addressed by W. C. T. U. speakers. The society, the largest woman's organization in the world, constantly increases in membership.

The Gunnery CURED HAY FEVER AND SUMMER COLD A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered two or three months with a summer cold so distressing that it interfered with my business, I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success."—Red Cross Pharmacy, (John Preuss, Prop.)
