JAMES HUTCHISON of Eureka, Cal., is here on his annual visit with Coos Bay relatives and friends. He is kept busy with glad hand greetings to many old time acquaintances, and while he always has a good word for Coos Bay, he never wavers in his loyalty to Eureka as the champion little big city of the Pacific Coast. A new \$80,000 Elks' Club building is one of the things that make Eureka a hummer among the hustling cities on the coast.

are very light in that State on account of the exceedingly dry season.

The city council has had notices posted to the effect that no more water may be used from the city water system for irrigating. This step is necessary in order to conserve water in case of fire.

Malthoid Roofing

You cannot get a good weather and waterproof roof for your building from a poor roofing.

The roof of your building is the most important part of it and unless your roofing is right, there will be no peace of mind for those who live under it.

A roof that leaks causes no end of trouble, besides a lot of damage.

The best way to protect yourself from these unnecessary troubles, is to use Malthoid Roofing.

Malthoid Roofing is made in the largest and best equipped roofing factory in the world. The men who make it have been making roofings for twenty-six years and they understand what is necessary to make a roofing which will give perfect satisfaction, no matter how it is used, where it is used or under what conditions.

The makers of Malthoid Roofing guarantee it to be a perfect roofing—to give perfect satisfaction and to last as long as the building it covers, provided it is properly laid and ordinary care is taken of it.

Twenty-six years of experience enables the makers to guarantee Malthoid Roofing under these conditions.

To be absolutely sure that you have no roofing troubles, buy Malthoid and lay it properly.
