FOREST FIRES DEVASTATING IDAHO MINING DISTRICTS

Many of the Companies Have Sustained Heavy Loss of Property. MANY FIRE FIGHTERS HAVE NARROW ESCAPES. Calmer Weather and Prospects of Rain Bring Hope of Relief.

(By Associated Press.) WALLACE, Idaho, August 13.—With a thousand men fighting the fires in the Coeur d'Alene national forest, with the weather calm and prospect of rain, conditions may be said to be improving. The greatest apprehension now is that the wind will spring up, in which case the whole mining district will probably be swept away. The fire fighters who escaped from the Slate Creek fire Thursday are arriving here with tales of narrow escapes. Some of these fighters made their way to safety, but others are not accounted for. According to those who arrived here, the fighters were forced to take refuge in Slate Creek, where they remained for hours while the trees were falling on all sides and the country about them was a roaring furnace. It was learned to-day that the mine buildings of the Liscon Mining Company on Big Creek were wiped out. The buildings of the Blue Bell Mining Company were destroyed, but here the miners succeeded in carrying portable equipment into a tunnel where it was saved. Reports from Bird and Pine Creeks are that the mining camps in these districts have been burned.

TROOPS SENT TO FIGHT FIRE

Several Companies Have Been Dispatched to Danger Points in State of Idaho.

(By Associated Press.) WASHINGTON, August 13.—Two companies of infantry from Fort Wright have been ordered to Wallace and one ordered to Kallispell to aid the fighting of the forest fires. Two companies now en route to Glacier Park will be divided. One will be dispatched to Kallispell, giving that section two companies.

Goodrum Returns.—George Goodrum returned home to-day from an extended trip through Central Oregon with J. O. Stemmler and R. Dement of Myrtle Point. They made the trip with their own rig, going into Central Oregon and the Deschutes country via the McKenzie River from Eugene, thence Prineville, Bend and Burns and back down to Klamath Falls and Crater Lake, and in fact all the points of interest. Mr. Goodrum says the Deschutes road will open up an unusually rich territory. All are elated over the trip, but Coos Bay looks mighty good to "Your Bosom Friend" after the hot weather experienced in the territory traversed.

SOMETHING TO THINK ABOUT.

We have met with such success on our special sale that we have decided to continue same during Carnival Week and to the already numerous articles on sale we have added a fine line of mantle clocks positively below cost. No use for anybody to be without time at the extreme low prices of these. Must be seen to be appreciated. Don't consider the show window all we have to sell. Call and inspect our enormous stock. LUMBER MILL DEAL MADE

Interest in the Randolph Lumber Company Has Been Transferred.

This week a deal was closed whereby A. J. Sherwood, J. L. Kronenberg and the Kruse and Parker interests in the Randolph Lumber Company were transferred to other local lumber men and the company reorganized. Those who are interested in the deal are E. E. Johnson, S. P. Bartlett, George Hartley and Robt. Dollar Company. The Fahy interests in the company were not transferred, this stock remaining in the hands of the original holders. The new company immediately went into a directors meeting and elected the following officers: President, E. E. Johnson; vice-president and treasurer, S. P. Bartlett; secretary, George Hartley. The company is capitalized at \$50,000 and the new interests will hold about four-fifths of the stock in the company. It is expected that the new company will perhaps take over some of the uncompleted contracts which the Johnson Lumber Company will of necessity be unable to fill.—Coquille Valley Sentinel.

MORE EARTHQUAKES.

(By Associated Press.) WASHINGTON, August 13.—The seismograph at Georgetown University recorded an earthquake this morning 2,500 miles southeast of Washington.

(By Associated Press.) SAN JOSE, Cal., August 13.—The seismograph at Santa Clara College was recording an earthquake at 10.30 o'clock this morning. Until the disturbance ceases the observation cannot be given out.

ALL FEAR "FRECKLED FACE MAN"

Homesteaders Leaving Their Places and Seeking Safety From Murderous Assaults of Desperate Outlaw Still at Large.

(By Associated Press.) SPOKANE, Wash., August 13.—Fearing robbery if not death at the hands of the "Freckle-Faced Man," who is alleged to be guilty of killing Dell McConnell at Colfax, the settlers about Emida, Idaho, are reported to be deserting their homesteads and going to safe quarters. Because of the heavy smoke, Sheriff Bailey has called in his posse and abandoned the search for a few days. It is believed that hunger may drive the fellow into some of the camps and warnings have been sent to watch for him.

MANY FIRES IN COUNTY

Blazes Reported in Different Parts and Some Are Growing Serious.

Forest fires are being reported from different parts of the county and in some cases damage to the timber is being done. In the immediate Coos Bay locality two or three fires have been burning for several weeks, but the damage has been slight here. However, it is more serious in other parts of the county. Regarding some of the fires reported, the Coquille Valley Sentinel says: E. C. Barker, upon his return from the north end of the county reports that while coming down the ridge between Ten Mile and the west fork of Coos River he at one time was in sight of nine forest fires. He says four were burning west of the ridge he was on and four on the east, while one, the largest of the nine, seemed to be well to the north line of the county. Several of the fires were burning fiercely and there seemed to be no one giving them any attention. Fires are also reported from many other parts of the county and unless there is a decided rainfall within the next week or two it is the general impression that this county will be dotted by fires which will consume the greatest of the wealth of the county. The Cody Lumber Company has a fire burning in their timber and one of their crews of loggers has been called from work to fight the flames. Several other minor fires are burning in the west side of the county. In the east end of the county there are innumerable small fires burning which only wait a favorable moment to get beyond control and unless the fighters keep the work of subduing them constantly before them these fires will also do a vast amount of damage before the fire season closes.

FAST BOATS HERE.

The Pacer Second, the fast speed boat, and her owners, Messrs. Cox and Slattery of Portland, arrived on the Breakwater to-day. The boat is entered in one of the races. There are fourteen fast boats entered in the different races. The Motor Boat Club has extended its thanks to the Southern Pacific Company and to the C. A. Smith Company for bringing the racing boats to Coos Bay free of transportation charges.

JUDGE HALL ILL.

Suffered a Sudden Attack Last Night and Was in Serious Condition. Judge John F. Hall was taken suddenly ill last night. He had attended a lodge meeting, but after arriving home suffered an acute attack of stomach trouble and for a time was in a serious condition. A physician remained with him all night. This morning he was able to be down town for a time, having passed the acute period of the attack.

HOO HOO TO MEET.

The members of the Hoo Hoo will hold a convention at Bandon, August 20. It will be a big meeting and quite a number of new members will be admitted to the order. An elaborate entertainment will be provided. Some of the members from Portland will be here and a large delegation will go from Coos Bay.

SURVEYORS OUT.

MYRTLE POINT, Ore., August 13.—Uncle Sam has a party of surveyors running the lines at Salmon mountain. They will complete the survey of township 32 south, range 12 west, just nineteen miles directly south of Myrtle Point. John A. McQuinn, a civil engineer of Portland, is in charge. His wife is sojourning with the party.

W. J. FELLOWS of Ten Mile is in Marshfield to-day on business. He just proved up on his claim at Ten Mile this week and feels as though most of his pioneering is over.

FOR THE QUEEN OF THE BAY, SEE EASTSIDE.

Marshfield Man Will Be Democratic Candidate For State Railway Commissioner. Hugh McLain of Marshfield will make the race for State Railway Commissioner on the Democratic ticket. He will be the only candidate from Coos county on the Democratic State ticket. Mr. McLain returned to-day from Portland where he attended the meeting of the Democratic State Central committee and says that he was complimented for going all the way from Coos Bay to be present at the meeting. The committee by resolution decided not to endorse any candidate, but should give its support to any who wanted to make the race for any office. Mr. McLain was given the assurance of the committee that he would have the support of that body. When McLain reached Portland he met A. J. Sherwood of Coquille, J. H. Flanagan and T. J. Thrift, so they made quite a showing for Coos county.

ROOSEVELT IS NOT TALKING

Has Nothing to Say Regarding Rumors of Taft Planning Change.

(By Associated Press.) OYSTER BAY, N. Y., August 13.—Colonel Roosevelt had no comment to make to-day on the dispatches from Beverly to the effect that President Taft had decided on a readjustment of conditions within the inner sphere of the Republican party. He is greatly interested in the report that Senator Aldrich and Speaker Cannon will be relegated to lesser positions in the councils of the party, that Sec. Ballinger would retire September 15th and that Senator Crane would assume a more important role in his relations with the administration.

CANNON SMILES.

(By Associated Press.) DANVILLE, Ill., August 13.—Speaker Cannon smiled to-day when asked to comment on rumors that he, Aldrich and Ballinger were to be relegated to less prominent positions. He said he is quite willing to abide by a vote of a majority of the people in November.

CHILD EATS RAT BISCUIT.

MYRTLE POINT, Ore., August 13.—Eating a rat biscuit nearly caused the death of the two-year-old child of Mr. and Mrs. Seldon Warner, living on the south fork of the Coquille River. The child was poisoned, but a physician was called in time and the baby's life was saved.

HUNTERS SAW FIFTY DEER

Find Sport Good in Northern Curry and Kill Ten Bucks.

The party of hunters composed of Ralph Matson, Ben Chandler, Walter Lawhorne, Oliver Huston of Portland and Ellis Dement of Myrtle Point, have returned home. They were gone two weeks and killed ten deer and two bears. They brought back three nice pairs of deer horns and one fresh venison was taken into Myrtle Point. The party started out for the Tloga country, but on arriving there they found a good many hunters ahead of them so they changed their plans and went down the south fork of the Coquille River and hunted in Curry county. For a time they camped at Edison Butte and later moved to another camping place near there known as Tent Prairie. The hunters say that they saw fifty deer counting does and fawns. The hunting was good and the members of the party say that the trip was in every way a pleasant one. In order to reach their hunting grounds they packed their camping outfit about thirty miles over the mountains.

Refuse to Man Street Cars When They Are Ordered to Do So.

THIRTY-TWO OF THE FORCE SUSPENDED.

Call Is Issued For Volunteers to Help Preserve the Peace.

(By Associated Press.) COLUMBUS, Ohio, August 13.—This city to-day is probably more excited than any time since the present street car strike began. The attitude of regular policemen in openly defying the orders of Mayor Marshall to man the cars is being discussed on every side. Union men are much worked up. Sensational reports that many other policemen will mutiny tonight cannot be confirmed. Governor Harmon is being urged to call out the troops again but has taken no action. According to the Mayor's announcement thirty-two mutineers will be suspended sometime to-day. His attitude in not discharging them the moment they refused to go on the cars is condemned by many. Much apprehension is felt as to the developments to-night following the Saturday half-holiday in the shops. The Mayor to-day issued a call for volunteers to aid in stopping lawlessness. He said he had done all in his power to restore and preserve peace and will continue to do so and if necessary he will call on the Governor for troops again.

WILL BE A GREAT GAME

Elks and Eagles Will Meet on the Marshfield Diamond on August 21st.

The Elks' benefit ball game to be played next Sunday, August 21, will in many respects be a wonderful event in the sporting world. The team selected from the Elks is to play a team from the Eagles' lodge and the proceeds go toward the charity fund of the Elks lodge. There will be a parade at 2 o'clock. The baseball players will meet in front of Going and Harvey's store and headed by the band will give a parade to the ball park.

The team that will represent the Elks has been selected. Willis Kennedy is to be pitcher and E. D. McArthur will catch. Charles Keane will play shortstop. L. J. Simpson will play first, Dr. Burmeister second and L. A. Liljeqvist third base. A. R. McComb will play right field, W. R. Haines will be center and Tom Mof-fett will be the left fielder. George Rotnor will sell the tickets and Joe Schilling will take them up. W. R. Haines, a member of one of the teams, announces that there will be some other important events on the program. Russell and Hamlin of Beaver Hill are on for a musical number and it is announced that Col. William Grimes is to sing a song in front of the grounds just before the gates are opened. Mr. Haines says that J. W. Hildenbrand is to have charge of the water wagon department. Some of these extras on the program will add greatly to the entertainment provided by the ball game.
