The Poor Old Oven

is often blamed when the real trouble lies in the brand of flour used in making the bread, biscuits and pastry. We have found that our Snow Drift Flour, made from selected Northwestern grown Blue Stem Wheat meets with the approval of most housewives. Of course, our process of milling has a lot to do with it. Snow Drift isn't a bleached flour—that's an advantage. It proves in the baking.

In the collision, Mr. Yoakam's leg was quite badly hurt.

Was Success.—A committee meeting of the Ladies' Aid Society of the Swedish Lutheran Church was held last evening to check up the results

of the dinners served Friday and Saturday. As yet, they do not know exactly how much it will be but it will be a considerable sum to go towards the paying for the paving around the church. At one meal they served nearly two hundred people.

Lots of Carpenters.—"I didn't know there were so many carpenters in the country until I ran a want ad. in The Times," remarked Contractor E. G. Perham last night as he ordered his ad. discontinued.
