CLIMATE APPEALS.

Eastern Man Writes That He Will Come to Coos Bay.

Harry Bradfield is expecting his brother, Dr. S. G. Bradfield, a dentist at Nowata, Oklahoma, to arrive in Coos Bay soon. Dr. Bradfield has heard so much about the country that he has decided to come here and look it over and probably to locate. In a letter, he says: "I certainly was surprised to learn of the low summer temperature and fine climate that you have on Coos Bay and I am greatly interested in what I learn of the place from the literature which has been sent me. If I can believe what I read, I am sure the indications are that you will have a great city in the next ten years. The people in the East all have a tendency to go West and get away from the crowded country. The temperature here is 95 to 104 degrees in the shade and I am getting tired of it." Dr. Bradfield states that the climate of Coos Bay appeals to him so strongly that he thinks he will try to secure a small farm in this locality and come here to live.

DID YOU KNOW?

- That David A. Jones, the clothing man, was at one time a Dakota farmer?
That Capt. C. E. Edwards of the steamer Alert, at one time drove an ox-team on a Kansas farm and was considered champion plowman?
That Dr. J. T. McCormac's father was the pioneer Episcopal minister of Oregon?
That R. A. Copple was formerly a preacher?
That John Bear was a newspaper reporter when he was a young man?
That Col. Wm. Grimes was at one time United States Marshal and leading Republican politician of Oklahoma?

BUOY WILL NOT WHISTLE.

Complaint Is Made By Some of the Captains of Vessels. Complaint is made by the masters of some of the vessels that the whistling buoy at the entrance of Coos Bay will not whistle. The matter will be taken to government officials. The buoy was repaired not long ago, but it often becomes clogged with seaweed and it is probable that such is the trouble now.

YOUR INSURANCE CONTRACT.

(An Advertisement.)

This is one of the most important contracts you ever make, and one of the most necessary. Upon it, at any time, may depend the savings of years. If you don't have insurance, your possessions hang on the accidental dropping of a match, the slightest defect in electric wiring, or the caprices of a child or a mouse.

If you have insurance, you are not careful in most important business matters if you do not know that your insurance is the best; that your policy is correctly written; that the company who makes this important contract is able and willing to carry it out at the time when your need is the greatest.

We make a specialty of representing companies and writing policies that PROTECT. We are proud of our companies, and jealous of our experience and care in transacting this class of business.

Let us write your insurance policy. I. S. KAUFMAN & CO.
