

CITY COUNCIL ADOPTS FLY ORDINANCE TO ELIMINATE THEM

City Health Officer Mingus Secures Action to Protect Health.

TO PUT END TO GRAFT CHARGES.

City Council Summons Contractors to Disprove Gossip About Them.

After an urgent talk by City Health Officer Mingus and a few remarks from Mayor Straw upholding the physician's stand, the Marshfield city council last evening passed the "fly ordinance."

The ordinance was brought up last evening at the request of Dr. Mingus. He stated that all the eastern cities are taking similar steps to eradicate the fly which has been proven such a menace to human health.

Councilman Powers agreed with him and said that he noticed that eastern papers were attributing typhoid epidemics to flies.

Dr. Mingus said this was correct and declared that many other flies were attributed to the little insects.

Councilman Coke thought that the part of the ordinance which provides that grocers, butcher shops and others must keep vegetables and fruit covered was all right but he thought the part regulating stables would work a hardship on many.

Dr. Mingus declared that it was. He cited the typhoid fever cases at the home of Mrs. Alice Sneddon in South Marshfield last year as due to flies from a pile of stable refuse near that home.

Councilman Albrecht wanted the ordinance made more stringent and to include chickens, but the others thought it was strict enough. Finally it was passed.

Want the Evidence.

On motion of Councilman Powers, City Recorder Butler last evening was instructed to notify all contractors who figured on recent work to appear before the city council at its next meeting and state whether or not they have any evidence or good belief that they were "flim-flammed" by different plans or specifications than those for which contracts were awarded.

Mayor Straw said there had been more or less talk about alleged changes in plans and specifications and other things that made it look as though some of the city officials were "crooked." He said he was tired of it and he wanted to know if there was any good ground for this talk.

After Meat Markets.

Mayor Straw reported that Ferndale residents were protesting against Furrier Brothers of North Bend maintaining a slaughter house in Ferndale. This is contrary to a city ordinance and they will be ordered to remove it at once.

FINE HIGHWAY IS THE PLAN

Boulevard and Park Extending From Marshfield to the Sea Is Project.

Last evening, the Marshfield city council approved of a plan to secure a boulevard and park from Marshfield to the ocean if the co-operation of the property owners along the route can be secured.

Nearly all the land, if not all of it is owned by the Southern Pacific, the Southern Oregon company and the Coos Bay Water Company. Mayor Straw said he would write to the various owners and see if they would not co-operate in carrying out the project.

A county road could be forced through but it is desired to park the highway and make it a fine boulevard.

ending the replies to Dr. Straw's letters, nothing can be done.

Other Business.

Mayor Straw brought up a number of street and bridge repair matters in which there appears to be a clash between the city and county. Mayor Straw said that the county should either vacate the roads it claims in elevated bridge leading to Ferndale, the other is the elevated roadway leading toward North Bend and the other is the bridge leading to the new high school from the city.

The matter of rebuilding Market avenue from Front street to the water front and a new wharf was brought up. The property owners have agreed to fix their part by having bituminous paving put in and the city is to build the wharf. The work is to be done this year.

Councilman Powers reported flagrant violations of the auto speed ordinance. Mayor Straw said that some of them would have to be arrested as Claude Nasburg and Dr. Dix were hitting it up at a fifty-mile gait.

An ordinance providing for the sale of \$15,055.27 of improvement bonds was enacted.

A rebate of \$1,043.29 to property owners on the South Marshfield sewer assessment was ordered. It will vary from \$2.38 to \$1.80 or thereabouts for each lot in the sewer district.

A rebate of \$40.79 to property owners on B street near Seventh was declared. This work was done a couple of years ago and is being closed up.

The several contractors were ordered paid small amounts on their jobs, a number of city bills paid and \$75 ordered paid for the maintenance of the city library this month.

South Fifth street was ordered accepted. This is the part that was planked by Hugh McLain. Councilmen Savage and Nelson declared it was an unusually fine job.

Contractor Hagquist was awarded the street improvement bonds on the jobs he has recently done.

Dr. Horsfall was ordered granted temporary permit for the erection of a canvass house near his residence.

HAVE VOTED TO REMOVE BALLINGER

RESOLUTION PASSED BY CONGRESSIONAL COMMITTEE BUT ONE OF THE MEMBERS CLAIMS NO QUORUM PRESENT.

(By Associated Press.) MINNEAPOLIS, Minn., Sept. 7.—The Ballinger-Pinchot Congressional

committee to-day adopted a resolution that Ballinger be removed. Two Republican members left the committee room. Senator Nelson, who took the vote, held that there was no quorum present.

ROOSEVELT IS GIVEN HOT SHOT

Socialist Mayor of Milwaukee Says, According to Magazine Article, the Colonel Is Not Serving Honest Cause.

(By Associated Press.)

MILWAUKEE, Sept. 7.—Shortly after Roosevelt arrived here today and before he sat down to breakfast, he found himself involved in a controversy with Emil Seidel, the socialist mayor, who had declined to act on the reception committee which welcomed the Colonel to Milwaukee.

he cannot serve the cause of honesty and decency in American political life. "It is possible that I have misunderstood the article," said Mayor Seidel, "but inasmuch as I am a Socialist and he has designated Socialism as a thing which is against morals and religion, which is abhorrent, revolting and which would replace the family and home life by a glorious state of a free lunch counter and a state founding asylum. I am sure he will be pleased that I am not personally connected with his reception in this city."

LAUNCH NEW BOAT TODAY

Coaster, Built By Max Timmerman For Capt. Olson, Nearly Finished.

The new ocean-going gasoline launch which Max Timmerman has been building for Capt. Peter Olson, will be launched late this afternoon on the high tide. The boat is the largest that has ever been built at the Timmerman yard and is one of the largest of the gasoline type, and is named the oCaster.

The boat was built especially for the run between Coos Bay and Port Orford and Rogue River. Capt. Olson is now operating the launch on that run and there is more business than the smaller launch can take care of. With the new boat he will probably be able to make two round trips a week and can take care of all of the freight business. The Coaster will be ready for a trial trip in about ten days and will be turned over to the owner who expects to have the boat in operation in time to carry the large amount of wool which will be shipped out of Curry county this fall.

The Coaster is 56 feet long with 13 foot 4 inch beam and is 5 feet deep. There will be one mast and a pilot house but no other cabin. The hold is four feet deep and will carry about thirty tons of freight. The boat is staunchly built so that it can stand the seas and yet is of light enough draft to get in and out over the small bars of Curry county for which it was designed. The boat will be fitted with two 30-horse power engines.

MARRIED THIS MORNING.

Robert F. Gebhardt and Miss Susan Eickworth Wedded.

R. F. Gebhardt of North Bend and Miss Susan Eickworth of Marshfield were married at 9 o'clock this morning at the Marshfield Catholic Church. Rev. Father Gallagher officiated. Following the marriage there was a wedding breakfast at the home of the bride's parents. Only the relatives of the contracting parties were in attendance. The couple will leave on an extended wedding trip and on their return will make their home in North Bend.

The bride is widely known here as she was raised on Coos Bay. She is an accomplished young lady, who is especially known as a musician. Mr. Gebhardt is a well known business man of North Bend.

FUNERAL IS HELD TODAY

Burial of Mrs. Alfred Johnson, Sr., Who Died Sunday Held at Coquille.

The funeral of Mrs. Alfred Johnson, Sr., wife of the well known lumberman, and Miss Ethel Johnson, who is head of the Johnson afternoon at Coquille. Circuit Court adjourned so that the lawyers could attend the funeral. Mrs. Johnson died Sunday. She had been ill for some time and it had been feared that she could not recover.

Mrs. Johnson was widely known in the county having lived at Coquille for many years. She was the mother of several children, among them E. E. Johnson and Alfred Johnson, Jr., the lumbermen, and Miss Ethel Johnson.

ADJOURN FOR FUNERAL.

(Special to The Times.)

COQUILLE, Ore., September 7.—Circuit Court adjourned to-day to give the attorneys an opportunity to attend the funeral of Mrs. Alfred Johnson. Judge Hamilton in the Circuit Court this morning heard arguments in a number of the cases which were set to be heard by him. The case of Barber against the Merchant Land Company which was one of the cases up before Judge Hamilton has been referred to a referee for the hearing of evidence. Judge Hamilton has finished the cases to be tried before him.

WILL PAY MEN IN FULL.

The labor claims of the men who worked on Virginia avenue in North Bend are to be settled in full. The work was done by the Coos Bay Rapid Transit Company. The company got behind in the pay of the men and had coming from the city about \$3,000. It was agreed that the city handle what was due the company and pay it to the men. The city paid in cash and warrants, \$6.9 per cent of the wage claims and there is still left 13.1 per cent due the men. It is stated that the Rapid Transit Company bondsmen will make good the difference at the next meeting of the council. Some of the men who have money coming on the work have gone out of town and have not yet called for what is due them.

ELKS! ATTENTION!

Don't forget we meet Wednesday, Sept. 7th. Something concerning you. Come.

GEO. GOODRUM, Sec'y.

REWARD OF \$100 OFFERED FOR RECOVERY OF PERKINS' BODY

BLOCKED BY BIG STONES

Indifference of Believers a Greater Hindrance Than Worldliness of Unbelievers, Says Mr. Lyon (By Rev. G. LeRoy Hall.)

TABERNACLE CALENDAR.

TO-NIGHT.

7.45, "The Great Essential." THURSDAY.

10 A. M., "Neighborhood Meetings."

3.00 P. M., Afternoon Service.

7.45 P. M., Evening Meeting.

Friday afternoon a special meeting for young people. At the close Mr. Harris will organize the junior chorus.

Mr. Lyon held the close attention of all in the Tabernacle last evening at which time he delivered one of the best sermons he has given to a Marshfield audience. The subject was "Rolling Away the Stone."

Before the evangelist finished he laid upon each one in his audience the task of rolling away some stone. As the stone that blocked the grave of Lazarus had to be rolled away by the people before the Master could command him to be brought forth from the dead, so the people are asked to-day to roll away big and little stones which hinder the work of God. There is the stone of church rivalry. Ministers desire to have the largest membership. The speaker said he had more respect for a sheep killing dog than the minister who would steal members from another church. Other stones were mentioned as the stone of criticism, the stone of unforgiveness, the stone of indifference which is the biggest stone of all and which blocks and blights the spiritual work in a community. All these stones must be rolled away before Christ can do His work.

At the close of the meeting about two hundred signified a desire to comply with the teaching of the evangelist and expressed it by moving to the front of the Tabernacle. That the christian men and women of Marshfield mean to do business for God has already been proven by the indomitable resolution which has manifested in this campaign, which was begun last February under Shannon and is now beginning to get started.

LYON'S SNAP SHOTS.

"There is a great deal of church-anity that is not Christianity."

"Some people will never realize that need of Christ until sickness and death come into their homes."

"Nothing so completely chokes the channels of spiritual blessing as selfishness."

"No church can be blessed as it ought to be if it has two members that don't speak to one another."

"If there is anything in which you are saying 'no' to God, it is that very thing you will have to say 'yes' before He can bless you."

"The church is never crippled by hostility, but neutrality. The curse of Christianity to-day is not antagonism, but indifference."

"Sabbath desecration, Godlessness, vice and drunkenness are deluging your fair city and a large share of the people are utterly indifferent. Shall Marshfield be dominated by vice or virtue, by rum or righteousness is the great issue of the day."

EXCURSION TO BEACH.

The Alert will make a special excursion from Allegany to the life saving station on Saturday, Sept. 10th. Will pick up passengers at Marshfield at 9 o'clock and North Bend at 9.20. People making this trip will never regret it on account of special attractions. Round trip, 50 cents.

County Court Takes Action in the Case of Alleged Murder.

GARRISON HAS BEEN TAKEN TO COQUILLE.

Bay Is Being Dragged But Nothing New in the Case.

REWARD \$100.

The county court has authorized a reward of \$100 for the recovery of the body of the missing Roy Perkins.

There is nothing new in the case of the disappearance of Roy Perkins today. The officers are doing all they can having the bay dragged in the hopes of finding the body. They are working on the theory that the body is in the water and several boats were at work today dragging the bay as thoroughly as possible.

The general opinion is that Perkins has been done away with. Frank Garrison, who is suspected by the officers of killing Perkins, was taken to the county jail at Coquille this morning and will be held in confinement there.

Garrison is evidently in a greatly disturbed mental condition. He has written several documents which might indicate that he was mentally unbalanced. One of these was a will which he wrote when he thought he would be mobbed. Another paper that he wrote to one of the officials indicates a greatly disturbed mental condition.

DISMISSED GRAND JURY

One Member Was Disqualified and the Entire Body Was Disbanded.

(Special to The Times.)

COQUILLE, Ore., September 7.—

The Grand Jury of the old term of court which convened was dismissed. One of the members of the body had not yet secured his second naturalization papers and as this disqualified him the whole grand jury was dismissed and the indictments which were returned by this grand jury earlier in the session were also dismissed but will be taken up by the new grand jury of the September term of court which convenes Monday. It was ordered that prisoners who had been arrested on indictments and were held in custody will remain in custody until action was taken by the new grand jury.

COAST LEAGUE SCORES.

(By Associated Press.)

PORTLAND, Sept. 17.—There was only one game of base ball yesterday, Sacramento defeating Vernon. The score was as follows:

AT SACRAMENTO— R. H.
