Marshal Hickam and a crew of men were busy Sunday evening and Monday making repairs to the conduit pipes leading from the city's water supply into the reservoir which was made necessary by fires and the falling of a tree across the line. Notices were sent out Monday asking the people to be careful about the use of water till repairs were made, which were accomplished and the stream turned in Monday evening.

Sam Nass, the salmon canner, passed through town Saturday with his Chinese crew of cannerymen, proceeded to Prosper by the Dispatch. A carload of tin passed through town last week and preparations for the fishing season will now proceed as rapidly as possible.

### GOLD STRIKE GOOD.

Reports From New Fields in Curry County Are Encouraging. GOLD BEACH, Ore., Sept. 10.—M. W. Duncan returned a few days ago, from the scene of the new gold excitement on Chetco River, and pronounced the find a very rich one. He succeeded in locating several claims for himself and friends. Mr. Duncan said there was considerable excitement in that vicinity, and that claims are being staked off promiscuously. Owing to lack of time and urgent business elsewhere, Mr. Duncan was unable to do much prospecting or even location work, but will return in a few days, prepared to make a thorough investigation.

### FRIGHTEN THE PEOPLE.

Boys at Coquille Set Off Large Amount of Powder.

F. S. Dow, who returned today from a business trip to Coquille, reports that the Coos county seat is all wrought up over a prank of some bad boys there. Last night about midnight three discharges of giant powder were set off and for a time everybody thought an earthquake had occurred. Everybody was awakened, houses trembled and the jar was terrific. Soon afterwards the cause was located as the hill near the edge of town told the story.

Today a clue to the identity of the boys was found but no evidence sufficient to convict. It is thought they are the same ones who were recently arrested and fined for disturbing the peace there and they evidently tried to show that they could "disturb the peace."

E. G. Perham reports that he either heard or felt the tremor in Marshfield.

### GOLD BEACH NOTES.

News of the County Seat As Told in the Globe.

D. M. Moore's cottage is rapidly nearing completion.

Ed. Miller has returned from the new gold fields.

J. R. Browning and Bert Nuttall are building the foundation for the bank.

It is reported that a good many salmon are being caught near the ferry. Richard Donaca caught 75 last Sunday night.

Hon. Walter Sutton of Port Orford was a business visitor at the County Seat yesterday. He is now visiting his daughter, Mrs. Jesse Turner of Hunters Creek.

While hunting a few days ago E. L. Thomas and Wm. Childers saw a white buck deer. They did not have the good fortune to get a shot at him, however.

The burned district in Langlois will be rebuilt immediately. Orders for lumber have already been placed by the White brothers.

The seines started operations again yesterday with better catches than has been made for years. Calvin Woodruff and Jacob Johns who are running the upper ferry caught over one thousand the first haul at Bagnell's Ferry.

Notwithstanding the heavy blow that Langlois received by the fire of two weeks ago, a large crowd assembled at the Woodmen celebration and was royally entertained by the generous people of that place.

Work is progressing very nicely on the main building below Cunniff's. A ditch has been dug and a reservoir is being built to tap Cunniff's Creek, and no doubt before long the busy hum of machinery, as it grinds out the precious metals, will be a familiar sound to every passerby.
