Summer School Opens.—The school at Sumner opened last Monday. The teacher in charge is Miss Annie Overholtzer.

Finds Pin.—This morning Otto Morrissey, through a Times want ad., recovered a valuable tie-pin which he had lost. Harvey Smith picked it up on the sidewalk and found through The Times want ad. that it belonged to Mr. Morrissey, who offered \$2 reward for its return.

Move to California.—O. B. Hinsdale of Gardiner was in the city on business. Mr. Hinsdale's family will leave this week for California to make their home. The family is moving from Gardiner in order to give the children educational advantages. Mr. Hinsdale's oldest son having completed the school course at Gardiner.

New Theater.—Roy Lawhorn is painting a curtain and scenery for a new theater which is being started at Myrtle Point. There is one moving picture show there now, but another amusement house is to be started and will have a stage and scenery and will be quite elaborate for a small theatre.

Nann Smith Sails.—The Nann Smith sailed yesterday for Bay Point with a cargo of lumber. Just a week ago yesterday she left with her previous load, thus making the round trip and taking on her second cargo in seven days. At that, she encountered some severe weather on her last trip up that delayed her some, but Capt. Olsen succeeded in making up for it.

Sent in Papers.—Those who have been registering voters closed their books yesterday evening and have forwarded the papers to the County Clerk who will report in a few days as to the total registration. The books will be sent back again to those who are taking the registration and there will be another chance to register after the primaries and before the election.

Raises Fine Peaches.—Mrs. W. G. Stonecypher of Eastside is showing some unusually fine peaches raised at her home there. The wonder of it is that the peaches were raised from a seedling that was planted just four years ago. There were about 200 fine ones on the tree this year. She doesn't know the variety other than it is a "freestone" planted from a peach she bought in the market here.

Were Playing a Joke.—E. R. Peterson and Duncan Hendry, who were reported to have been in a boat when it capsized on the North Fork of Coos River and rescued by some lady friends, have written The Times regarding the story. They say that they were not rescued but that the whole thing was a joke and that the

young lady friends and not themselves were the ones who got the ducking.

Answer By Phone.—During the past few days, some of the most attractive offerings in The Times want columns have brought scores of replies. In several instances, they have been snapped up by parties answering them by phone. Unless the party using the want columns specifies to have the replies sent direct to them, they are handled through The Times office and some days keep the phone pretty busy.

Many Converted.—Rev. H. C. Shaffer of Portland has been holding services in the United Brethren Church on South Coos River for the past week. Sunday afternoon he held baptismal services, thirteen in all being baptised. The church was crowded at nearly every service. Rev. Shaffer is the presiding elder of the United Brethren Church for this district. Monday evening he preached in the church on Catching Inlet. He

is a splendid speaker and quickly won the good will and attention of all.

After Autoists.—Mayor Straw suggested at the last council meeting that Councilman Nelson be provided with a stop watch so that he could get evidence against the auto searchers. The Mayor thinks that Dr. Dix and Claude Nasburg should be fined for breaking the speed record, but Councilman Nelson says they go too fast for him to time them with an ordinary watch. No action was taken on the matter.

Probably Meant Mischief.—Marshal Carter and Night Policeman Shoup were notified last night that two suspicious characters were loafing on Broadway and it was suspected that they were trying to break into a house. The officers went to the place indicated. Two men were hiding behind a billboard near the depot but someone scared them away before the police got there. They probably did not mean any good as they left behind their blankets when they fled.
